Activities This Week (1)

- Monday: Gave reports in several plenaries

- SG met in Vining Tue/Wed/Thur

  - Joint with Dot 11 on Wed AM

- SG web page now up in 802 WG & SG area on Grouper

  - Link to it shows up in proper place

  - Reflector is up and running

  - All info on web page

  - Search in Google for "IEEE 802 ES-ECSG" gets it

- Review and refine new version of PAR & upload to Mentor

  - We believe that this is final for circulation 30 days in advance of March meeting

Activities This Week (2)

- Rework/Refine 5 Criteria
(as revised on slides posted on Mentor)

  - Still needs some final refinement before March

- Generate introductory presentation:
What is the problem we are trying to solve?
Why is it hard?

- Plan to do more in depth presentations at wireless interims in LaJolla, LA and 802.1 interim in Austin

- Plan to take action for PAR approval in March

- Will request 1st extension of Study Group to March '10

BIGGEST PROBLEM:

- LOW PARTICIPATION

Next meetings

- January Interim co-located with 802.16 et al at La Jolla (San Diego), CA, Jan 11 – 14, 2010 (Interim sponsor is IEEE 802)

- Propose also meeting with 802.11 at their Jan 17-22 interim (LA) and/or 802.1, Jan 18-22 in Austin.
