### **Discussion: 802 architectures**

Chair reports on the project to revise the 802 overview and architecture. There is some interest in significant work to transform the current O&A into more useful architectural specifications. The tutorial / technical plenary will discuss this (Monday PM1). Following points are made:

- Wired and wireless networks are very different
- This presents an opportunity for useful work in 802.24
  - The topic cuts across multiple (all) 802 Working Groups (WGs).

### **Liaison Updates and Reports**

- P2413 – standard complete (no further reports expected)
- ATIS TOPS - none
- WFA – nothing to report

### **802.24.2 IoT White paper update**

- Major contribution completed
- Document # [24-22-0011-00](#)
