Tuesday, January 16, 2024

Opening

Called to order 16::08 local time (Eastern Standard Time, UTC-5).
Chair provides the usual meeting preamble and reminders. Reminds the group that this is a non-PAR activity, presents the appropriate IEEE meeting materials.

Agenda and meeting slides in doc 24-24-0001-00.
Following no discussion, the agenda was approved by unanimous consent.
Usual meeting reminders, IEEE policies and 802 conduct given.

Minutes from November: 24-24-0002-00 approved by unanimous consent.
Action item review:

**Liaison Review and Reports**

Nothing to report.

**IoT White Paper Update**

Presentation (no document): Ideas for a new direction to expand and update the IoT whitepaper. Add an overview or survey of “what does IoT really mean” (the many different kinds of things), and then describe how 802 technologies address specific verticals (examples) in the broader categories. Moving forward: elaborate on the proposed approach and solicit input from external organizations and 802 volunteers to cover specific verticals.

**Low Latency White Paper**

Review results of IEEE editor’s update. [24-23-0033-01](#). Discussion on the security section. It is suggested to integrate the material more neatly in the paper to re-distribute the to the sections for specific vertical application space. Worked on document, results posted in [24-23-0033-02](#). Target to complete at the March plenary.

**Recess**

Recess at 16:42 local time.

**Wednesday, January 17, 2024****Opening**

Called to order at 16:03 local time.

**Low Latency White Paper**

Continued work on [24-23-0033-02](#).

Made additional edits, uploaded as R3.

Will post update (R3) for (last call) TAG review and broadcast a request for input. Will complete in the March plenary and send to IEEE publications.

[24-23-0033-03-0000](#).

**Alternate Fuel Vehicle Discussion**

Status update: key contributions are not at this meeting. Deferred to next session.

### **Smart Grid White Paper Revision**

Discussion on updating the Smart Grid White Paper. Captured ideas in [24-24-0001-01](#).

### **Action items**

1. Contributions on Low Latency White Paper (all)
2. Contributions on IoT White Paper (all)
3. Topics for Smart Grid White Paper (all)
4. Request final version of Smart Grid White paper from IEEE editors (sources frame) (chair)
5. Check on status of publication of the IEEE 802 Solutions paper (chair)

### **Any Other Business**

No other business.

### **TAG Closing**

Next meeting is at the 802 March plenary in Denver and remote. Registration has been open for a while (early bird already passed); still time to register at standard rate.

### **Adjourn**

Adjourned at 16:45 local time.
