Early disclosure to IEEE DySPAN and its Working Groups of patent information that might be relevant to the standard is essential to reduce the possibility for delays in the development process and increase the likelihood that the draft publication will be approved for publication. Please notify the Chair <jhoffmeyer@ieee.org> as early as possible, in written or electronic form, if patented technology (or technology under patent application) might be incorporated into a draft standard being developed within the IEEE DySPAN Committee. **If you have questions, contact the IEEE Patent Committee Administrator at <patcom@ieee.org>.**
