Document Title: DySPAN WG6 Meeting June 2011

Document Date: 22 June 2011

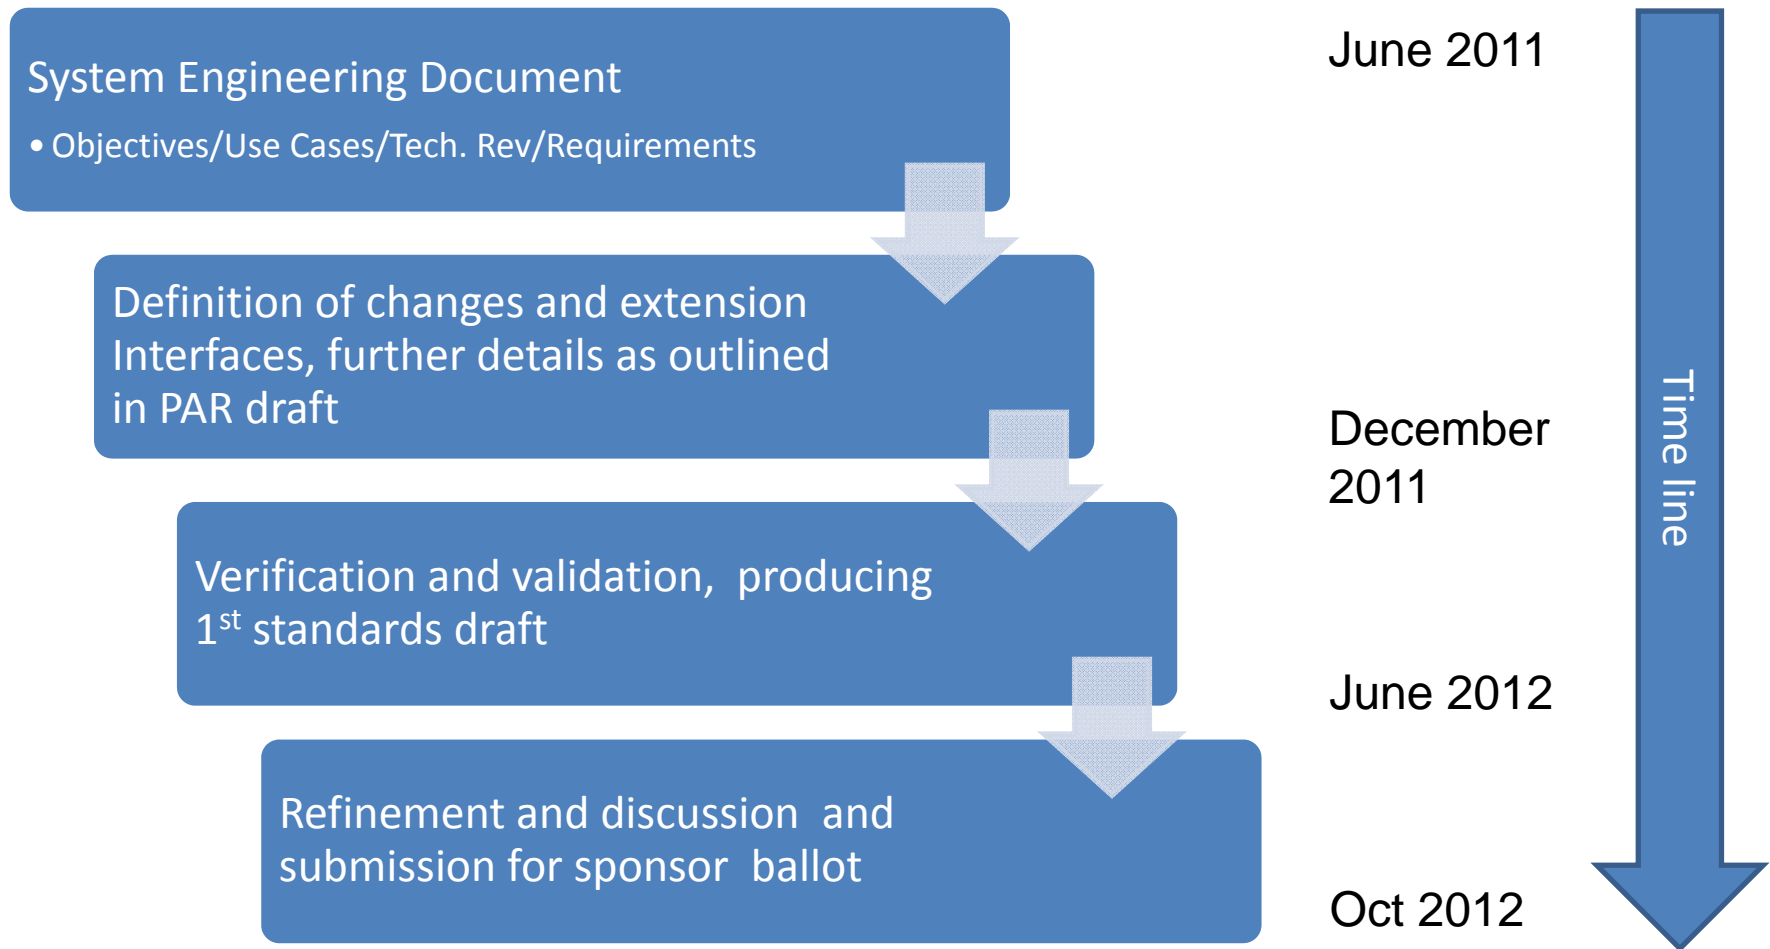

Document No: 6-11-00XX-00-0000

Notice: This document has been prepared to assist IEEE DySPAN and its Working Groups. It is offered as a basis for discussion and is not binding on the contributing individual(s) or organization(s). The material in this document is subject to change in form and content after further study. The contributor(s) reserve(s) the right to add, amend or withdraw material contained herein.

Release: The contributor grants a free, irrevocable license to the IEEE to incorporate material contained in this contribution, and any modifications thereof, in the creation of an IEEE Standards publication; to copyright in the IEEE's name any IEEE Standards publication even though it may include portions of this contribution; and at the IEEE's sole discretion to permit others to reproduce in whole or in part the resulting IEEE Standards publication. The contributor also acknowledges and accepts that this contribution may be made public by IEEE DySPAN .

Patent Policy and Procedures: The contributor is familiar with the IEEE Patent Policy and Procedures including the statement "IEEE standards may include the known use of patent(s), including patent applications, provided the IEEE receives assurance from the patent holder or applicant with respect to patents essential for compliance with both mandatory and optional portions of the standard." Early disclosure to IEEE DySPAN and its Working Groups of patent information that might be relevant to the standard is essential to reduce the possibility for delays in the development process and increase the likelihood that the draft publication will be approved for publication. Please notify the Chair <jhoffmeyer@ieee.org> as early as possible, in written or electronic form, if patented technology (or technology under patent application) might be incorporated into a draft standard being developed within the IEEE DySPAN Committee. **If you have questions, contact the IEEE Patent Committee Administrator at <patcom@ieee.org>.**

Workplan

Discussions

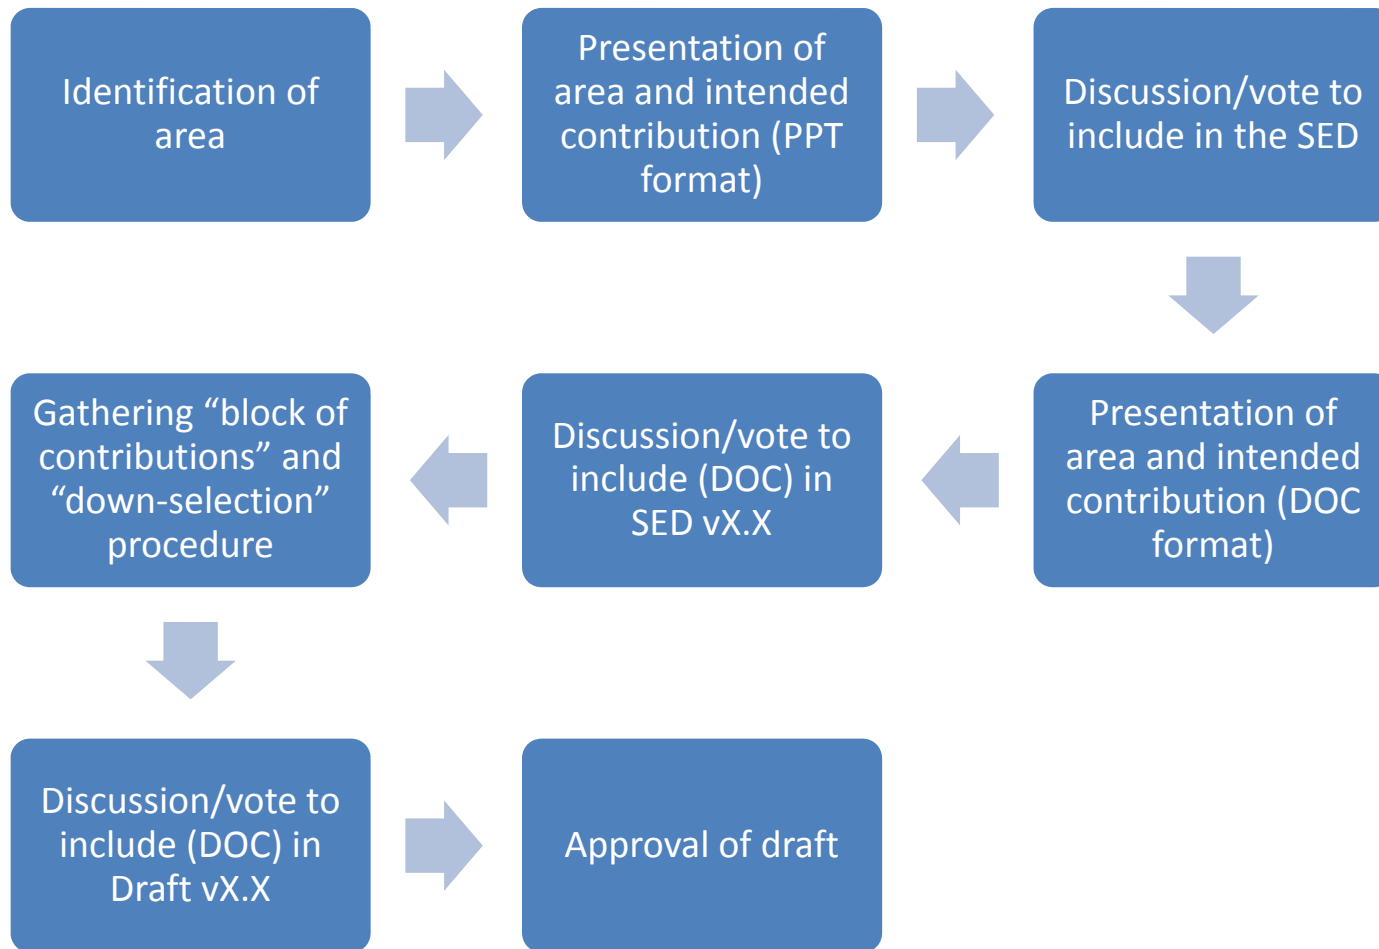

- 3 presentations (technical input)
- Discussion on time plan and work mode
 - Drafting of work process plan
 - Drafting of templates
 - Will be voted upon in next telco

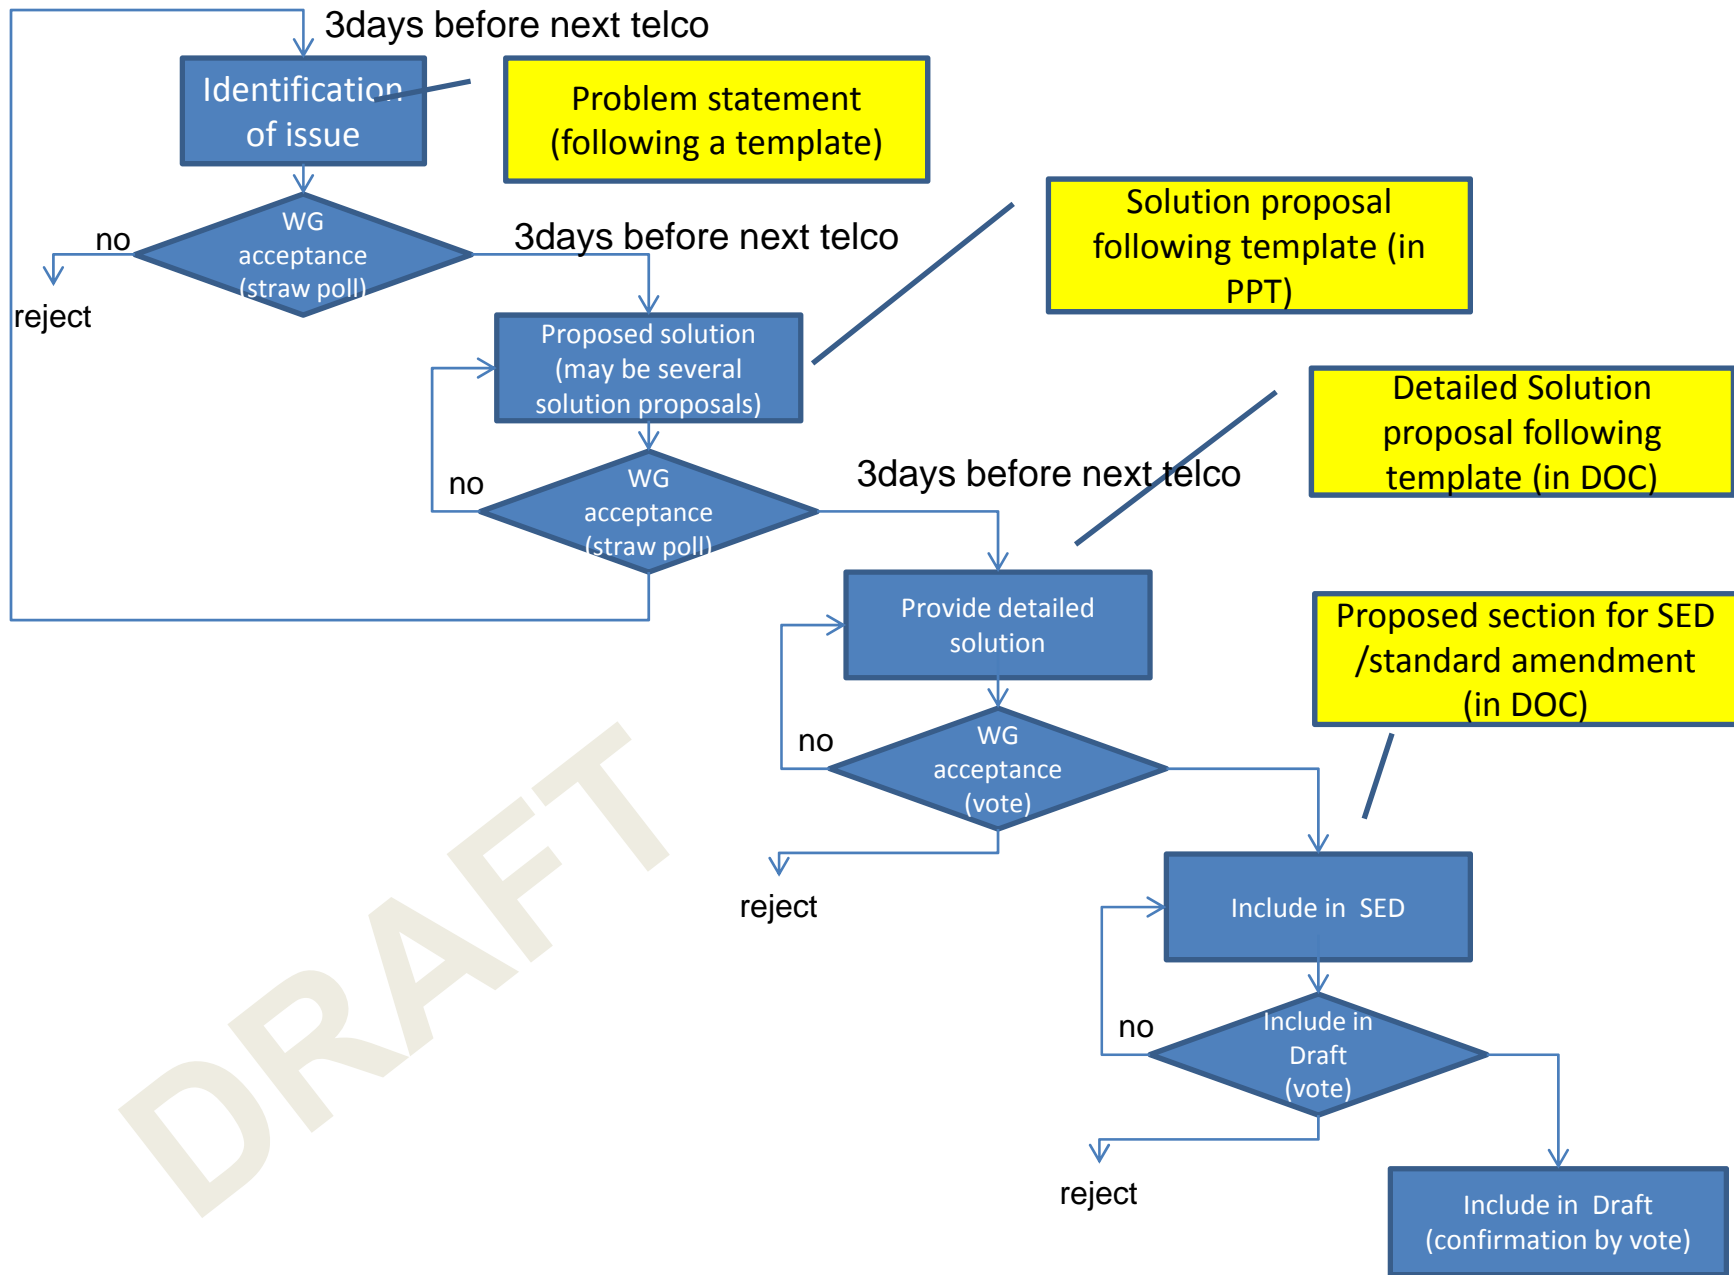

Working process

- Should include
 - definition of templates for contributions
 - Identification of area/s for contribution/s (and whether contributions are addressing existing or new problem).
 - Definition of template, assignment of area, proposal of intended changes/additions.
 - Integration of proposed changes/additions into “SED”, then subsequent vote on “block of contributions” for integration in the draft.
 - timeline:
 - contributions (ppt and doc) until Dec 2011.
 - integration (into draft) Dec 11 – June 2012.

Contributions Procedure

-amendments and extensions-

Template stage 1

- [M] What is the problem and why is it important to resolve this issue (technical or editorial justification):
- [M] What must be changed (if possible, identify range of potential solution/s):
- [M] The issue can be resolved by editorial change/ technical change/technical extension (delete as appropriate).

Meeting Schedule

Face2Face
