1 Introduction

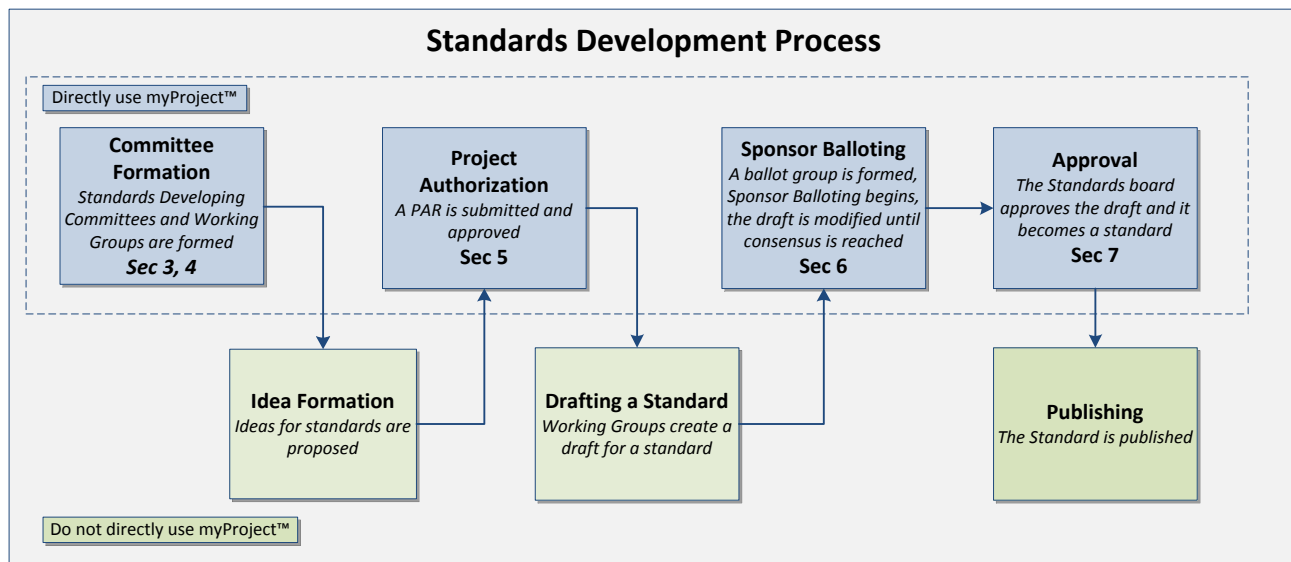

myProject™ is:

- A web-based tool that facilitates the IEEE standards process
- A database that holds information related to the standards process
- A tool used by IEEE members, staff, and other individuals who want to participate in the standards process

In order to use my project, you must have:

- Access to the internet
- A web browser (e.g. [Internet Explorer](#), [Firefox](#), etc.)
- A PDF viewer (e.g. [Adobe Reader](#))
- A spreadsheet editor **only for download/upload comment functions** (e.g. Excel)
- An IEEE web account
 - IEEE Web Accounts are free and do not require IEEE membership.
 - If you do not have an IEEE web account, create one by going to: <https://www.ieee.org/profile/public/creatweaccount/showRegister.html>

How myProject™ is used in the standards development process:

Relevant sections of the myProject™ User Guide:

- Committee Formation – **Sec 3. Managing Activities, Roles and Affiliations, Sec 4. Manage Sponsors and Working Groups**
- Project Authorization – **Sec 5. The PAR Submission and Approval Process**
- Sponsor Balloting – **Sec 6. Sponsor Balloting**
- Approval – **Sec 7. RevCom Submission and Review**

2 Getting Started

2.1 Accessing myProject™ for the First Time.

Applicable Users:

- All myProject™ users

Instructions:

1. Go to <https://development.standards.ieee.org/my-site>
2. Enter your IEEE Account username/email and password and click "**LOGIN**".
 - If you do not have an IEEE web account, you can create one by clicking on the "**Need an IEE Account?**" link.

PLEASE SIGN IN
Now you can access myProject, IMAT, and Mentor with a single sign in. Simply enter your IEEE Account username/email and password below to begin!

2.2 Accessing/Updating myProject™ Account Information

When you access myProject™ for the first time, the Account page will open, requesting information. This information is used by the system to notify you of events and tasks, as well as to automatically add your information to some fields, and is maintained separately from your IEEE Web Account information. This information is required, and only asked for once. You can change this information, however, at any time by clicking on the "**Account**" link on the Home Screen.

Applicable Users:

- All myProject™ users

Instructions:

1. Select/enter your employer/position information (*you can select your employer from the list, or type it in if it isn't visible*).
2. Enter your address information.
3. Enter your telephone numbers.
4. Enter a secondary email, if any (*If provided, a copy of all messages will be sent here*). Your primary email is maintained through your IEEE Web Account and can be changed by clicking the "Click to change" link.
5. Select your preferred list size from the dropdown box. This value will be used across myProject/IMAT/Mentor when showing a list.
6. Click "**OK**" to save your information.

2.3 Accessing Messages and Notification Preference

MyProject™ users are notified of important events through the myProject™ “Messages” section as well as through email.

Applicable Users:

- All myProject™ users

Instructions:

1. From the myProject™ home screen, click “Messages”.

2. From this screen, you will be able to see all myProject™ notifications.
3. Click on the message subject text to display the message.
4. Place a check in the boxes next to the message to mark messages as read or flagged, or to delete messages.
 - You can check a range of boxes at once by clicking the first box, holding the “Shift” key and clicking the last box.

5. Click “UPDATE” to apply any changes.
6. To manage notification preferences, click “preferences”.

7. Check the box to activate or deactivate features.

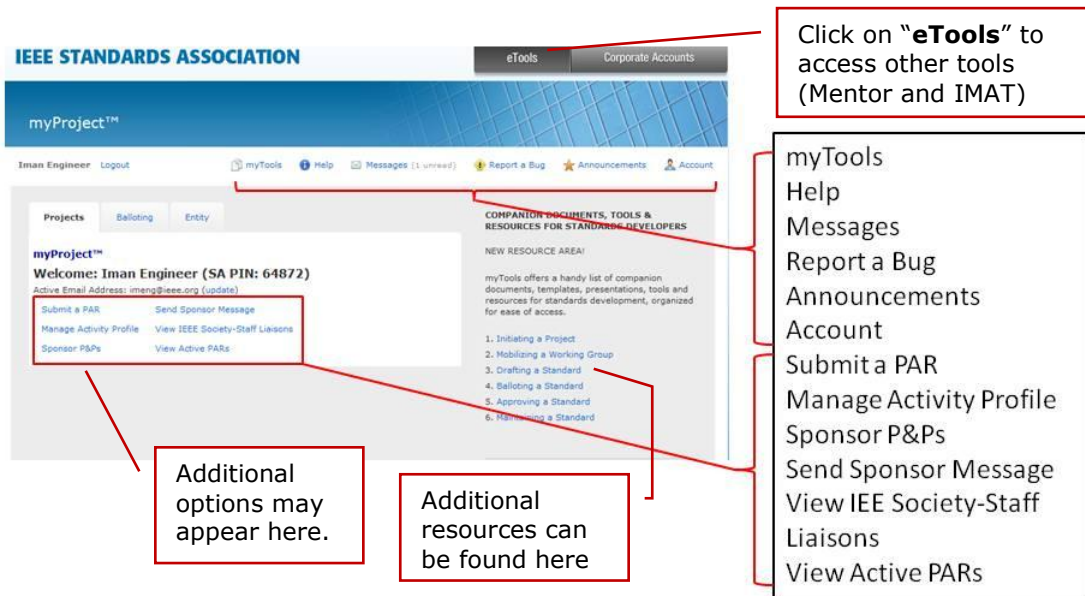

- “Show only Subject...” when checked will only show subjects in your daily email summary, not the message text.
- “Use Web Account Email...” when checked will send emails to your primary email address.
- “Receive emails immediately” when checked will send notification emails as they are generated instead of a daily email digest.

8. Click “**OK**” to save your changes.

2.4 The myProject™ Home Screen

The following features are available to all users. Additional features may be available to you based on your specific role and will appear in the lower section.

myTools

This section will give you access to resources related to the standards process.

Help

Use this link to get the latest information and help related to the screen you are on.

Messages

This screen allows you to view all system notifications. You can also manage your email notifications here.

Report a Bug

This page lets you report a myProject™ bug to the system administrator.

Announcements

Breaking news about myProject™ may be found here.

Account

This area allows you to edit your IEE-SA contact information as well as manage your affiliations.

Submit a PAR

This is for use by any SA Member who wishes to submit a PAR (Project Authorization Request) for consideration by NesCom. This screen is used for all PAR requests and all PAR actions (modify, extend, withdraw).

Manage Activity Profile

Use this screen to join sponsor committees, working groups and projects of interest to you.

Sponsor P&Ps

This is a comprehensive list of IEEE Sponsor P&Ps (Policies and Procedures) including their acceptance status.

Send Sponsor Message

This is for committee chairs and IEEE Standards Staff use in sending an email notification to a sponsor.

View IEEE Society-Staff Liaisons

This link brings you to a list of all IEEE Society-staff liaisons.

View Active PARs

This screen provides a view and search function on all active PARs. A link to view the approved PAR is provided.

3 Managing Activities, Roles and Affiliations

3.1 Join an Activity/Register as an Interested Party (Sponsor, Working Group, Project)

Joining an activity allows you to receive ballot invitations and other notifications, be selected as Working Group chair or other officer and get access to the group's Mentor area (Mentor is the IEEE-SA tool for group collaboration). Joining an activity also adds you to the roster and allows the chair to assign involvement levels. Working Group officers will also be notified when you register interest in the group. For more information on rosters, see **Sec 4.19 Assign Involvement Level in a Working Group**.

Applicable Users:

- All myProject™ users

Notes:

- To be appointed as an officer or other designation you must register at the appropriate level, e.g. Standards Representative – Sponsor Level, Working Group Chair – Working Group Level, Ballot Designee – Project Level
- IEEE-SA Basic Corporate membership or above is required to observe an entity project.
- Only IEEE-SA Advanced Corporate Members can contribute and hold voting privileges in entity working groups.

Instructions:

1. On the **myProject™** Home Screen, select "**Manage Activity Profile**".
2. On the "Manage Activity Profile" Page, scroll down to the Society or SCC you are interested in and expand the tree by clicking the "+" sign to view Sponsors, Working Groups, and Projects.

	Name	Designator ▲	Contact
Society	<input type="checkbox"/> IEEE Aerospace and Electronic Systems Society	AES	
	<input type="checkbox"/> IEEE Antennas and Propagation Society	APS	
Sponsor	<input type="checkbox"/> Antennas	APS/A	Michael Francis
	<input type="checkbox"/> Propagation	APS/P	David Thiel
Working Group	<input checked="" type="checkbox"/> Minor Revisions Working Group	APS/P/P356	David Thiel

	<input type="checkbox"/> IEEE-SA Board of Governors	BOG	
	<input type="checkbox"/> IEEE Broadcast Technology Society	BTS	

3. Check the box next to the activity you are interested in (Sponsor, Working Group, Project).
4. Click "**CONTINUE**"
5. Confirm your interest area and enter your affiliation information.
 - Select from the list or type in your company/organization.
6. Click "**CONTINUE**"

3.2 *Update Affiliation Information*

Use this function to manage your affiliation for each project/PAR. A person could be affiliated with different entities on different PARs. See affiliation guidelines at <http://standards.ieee.org/faqs/affiliation.html>

Applicable Users:

- All myProject™ users

Instructions:

1. On the **myProject™** Home Screen click the “**Account**” link in the upper right.
2. Click the “**Affiliation Information**” link.

myProject™ >> **Account**

This information is solely for the use of the IEEE-SA and will not be provided to any third parties or used for commercial purposes.

You can also manage your  [Affiliation Information](#) or view the [Obligations for Participation in IEEE Standards Development](#) agreement.

3. Update your affiliation for each project listed.
 - Select from the list or type in your company/organization.
4. Click “**OK**”.

3.3 Entity Members and myProject™

Management of entity roles (DR/DRA & EBR/EBRA) is done by the EMR (Entity Member Representative). Other information for Entity Membership is not managed through myProject™ and is obtained from the MemberClicks database. This information includes: The name of the organization, the username of the EMR and the type of entity membership (basic or advanced).

3.4 Enroll as DR or DRA (Entity Working Groups)

Participation in Entity Working Groups is limited to IEEE-SA Entity Members. These entities are represented by a DR (Designated Representative) and DRA (Designated Representative Alternate). Any employee of the Entity Member organization may enroll as the DR or DRA if the slot has not already been filled. Only the EMR (Entity Member Representative) has the ability to replace the DR or DRA.

Applicable Users:

- Employees of Entity Member organizations

Notes:

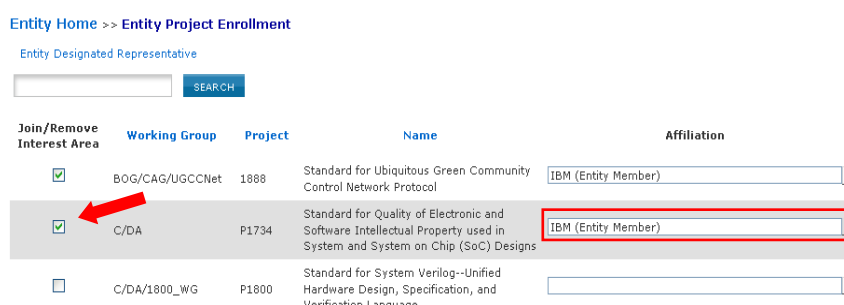

- Users must have an IEEE-SA Entity Member organization listed as their employer in order to represent his/her company in entity projects.

Instructions:

1. On the myProject™ Home Screen, click the “Entity” tab.
2. Click “Entity Project Enrollment”.

3. Place a check next to the projects you would like to enroll in and enter your company in the “Affiliation” box. Make sure you enter the same Entity Member organization that you have listed as your employer.

4. Click “OK” to confirm enrollment in the project.
5. Click “Entity Designated Representative”

Entity Home >> Entity Project Enrollment

<input type="checkbox"/>	C/DA/1800_WG	P1800	Standard for System Verilog--Unified Hardware Design, Specification, and Verification Language	

- Click "enroll as designated representative" next to the project you would like to enroll as DR for. (If the DR slot has already been filled, you will be able to select "enroll as alternate representative". If both have been filled, you will be able to select "add to representative waitlist" to add your name to a waiting list visible to the EMR.)

- Click "OK" to confirm your enrollment.
- Your name will now show up under "Designated Representative" or "Alternate Representative".

3.5 Manage DR and DRA (Entity Working Groups)

Participation in Entity Working Groups is limited to IEEE-SA Entity Members. These entities are represented by a DR (Designated Representative) and DRA (Designated Representative Alternate). Any employee of the entity member institution may enroll as the DR or DRA if the slot has not already been filled. Only the EMR (Entity Member Representative) has the ability to replace the DR or DRA.

Applicable Users:

- EMR

Notes:

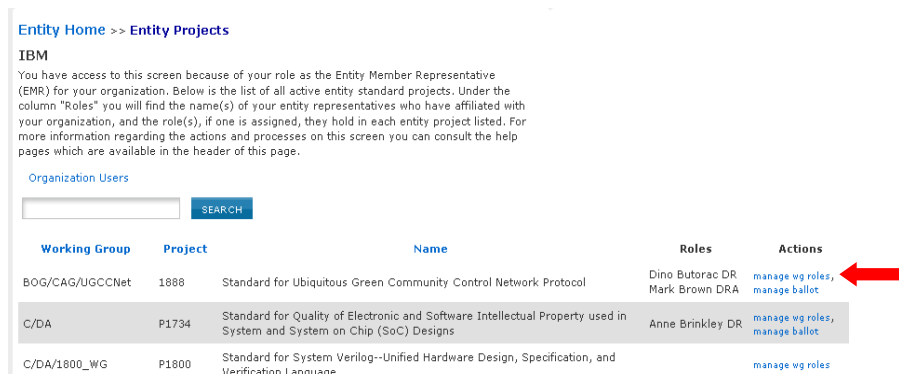

- Users must already be enrolled in the entity project to be added as DR or DRA.

Instructions:

1. On the **myProject™** Home Screen, click the **"Entity"** tab.
2. Click **"Manage (your company)"**.

3. Click **"Manage WG Roles"** next to the Working Group you want to manage.

4. You will see individuals currently enrolled as the DR and DRA as well as a waiting list of other individuals who have expressed interested in becoming the DR/DRA.
 - To remove an individual from a DR/DRA position, delete their username from the box and click **"OK"**
 - To replace an individual in a DR/DRA position, replace their username with the username of the new individual and click **"OK"**
 - You may replace both usernames at the same time or switch the two.
 - You may assign a new DR/DRA, but it is recommended that you let the individual enroll him/herself or use a name from the waiting list to ensure they have already enrolled in the project.

3.9 Manage Staff Liaisons

Applicable Users:

- General Staff (read-only access), ODB Staff (Full Access)

Notes:

- Staff Liaisons can be assigned at the Society, Sponsor, Working Group and Project levels. New committees and projects will be assigned the liaison of the parent committee unless a new one is assigned.

Instructions:

1. On the **myProject™** Home Screen, select **“Manage Committees”**.
2. Click **“manage liaison”** next to the Society, Sponsor, Working Group or Sponsor you would like to reassign a liaison for.

[myProject™](#) >> [Manage Committees](#)

This page allows staff and committee chairs to see who has officially enrolled through the myProject Activity Areas at the Sponsor, WG and project levels.

Enrollment at the Sponsor or WG level indicates that the individual has expressed an interest in the general work or management of the Sponsor or WG as well as serving to indicate you wish to be notified on any respective Ballot Invitations.

Enrollment at the project level indicates that the individual has expressed an interest in participating in the specific technical work of the specific project.

By definition, these are the rosters of people who have expressed such interests. Inclusion in these rosters does not imply that the individual has met the membership requirements of the respective committee.

4 Manage Sponsors and Working Groups

4.1 Create/Edit a Committee and Appoint a Chair (Sponsor Only)

Before a Sponsor committee can upload proposed P&Ps, the Sponsor must first be created. If new Societies or Working Groups need to be created, the same procedure is used.

Applicable Users:

- Governance Staff

Notes:

- In order to be appointed chair, an individual must first register as interested in the Sponsor Committee. **3.1 Join an Activity/Register as an Interested Party (Sponsor, Working Group, Project)**
- Working Group Chairs cannot be added through the staff "Manage Committees" control panel, they must be added by the Sponsor Chair or CSM, if applicable.

Instructions:

8. On the **myProject™** Home Screen, select "**Manage Committees**".
9. Click "**Add Sponsor**", "**Add Society**" or "**Add Working Group**".

myProject™ >> Manage Committees

This page allows staff and committee chairs to see who has officially enrolled through the myProject Activity Areas at the Sponsor, WG and project levels.

Enrollment at the Sponsor or WG level indicates that the individual has expressed an interest in the general work or management of the Sponsor or WG as well as serving to indicate you wish to be notified on any respective Ballot Invitations.

Enrollment at the project level indicates that the individual has expressed an interest in participating in the specific technical work of the specific project.

By definition, these are the rosters of people who have expressed such interests. Inclusion in these rosters does not imply that the individual has met the membership requirements of the respective committee.

4.2 Add a Funded Project/Appoint a CSM

By appointing a CSM (Client Services Manager), a project will automatically be added to the funded projects list. All approved entity PARs/projects will automatically be added to the funded projects list and assigned to the CSM Manager. The CSM Manager may reassign the projects as needed.

Applicable Users:

- ODB Staff

Notes:

- The CSM will be able to access officer (Working Group Chair, Sponsor Chair) functions in myProject™. CSMs can: initiate ballot invitations, extend invitations, initiate ballots and recirculations, accept PARs, manage involvement levels and officers.
- A CSM can be added at the Sponsor, Working Group, or Project level.
- The CSM should join the group as an interested party and specify an affiliation before being added. If an affiliation is not specified before being added as CSM, one must be specified immediately following.

Instructions:

1. From the myProject™ home screen, select **"Manage Committees"**.
2. Click the **"+"** to expand the tree and find the project/committee that you would like to assign a CSM.
3. Click **"manage committees"** next to the project/committee you would like to assign a CSM.

4.3 Accessing CSM Functions

The CSM (Client Services Manager) has special access to myProject™ in addition to standard staff functions. The CSM has privileges similar to the chair of the groups/committees that they have been assigned.

Applicable Users:

- CSM

Instructions:

1. Access the additional areas of myProject™ and myBallot tab shown below. You will be able to accept/reject PARs for the assigned Sponsors/Working Groups, manage committees like a Sponsor/Working Group Chair, and manage Sponsor Ballot functions.
2. Follow instructions for the appropriate chair functions.

4.5 Build and Manage an AudCom Agenda

Applicable Users:

- AudCom Administrator

Notes:

- Meeting dates will be set based on NesCom dates entered by the NesCom Administrator.
- An agenda must be created in order for Sponsor P&Ps to be added to it.

Instructions:

1. On the **myProject™** Home Screen, select **"AudCom Member Area"**.
2. To create a meeting agenda, click on **"Agenda Builder"** next to the meeting you would like to edit.

3. You can add items to the agenda individually, or start with a template and edit the agenda to your needs. To use a template, select one from the list and click **"Load From Template"**

4. An agenda will automatically be created from the template.
5. To add additional agenda items, click **"add item"** or **"add sub-item"**.

6. Now you can select the item type (use **"text"** unless you need sub-items to be added automatically), add additional text and relevant files.

9. Select the primary and secondary reviewers from the AudCom members in the dropdown boxes.
 - It is possible for both reviewers to submit a checklist, but only one checklist can appear attached to an agenda. If a second checklist is submitted, it will overwrite the first. In practice, the Primary Reviewer should be the only one to upload a checklist. This should be done after he or she has collected comments from the Secondary Reviewer and added the comments to the checklist to be uploaded.
10. Click "OK" to save the changes.

4.6 *Submit P&Ps (Admin)*

4.9 Submitting an L50S

Sponsors are responsible for submitting an L50S form annually to report the financial activity of the committee.

Applicable Users:

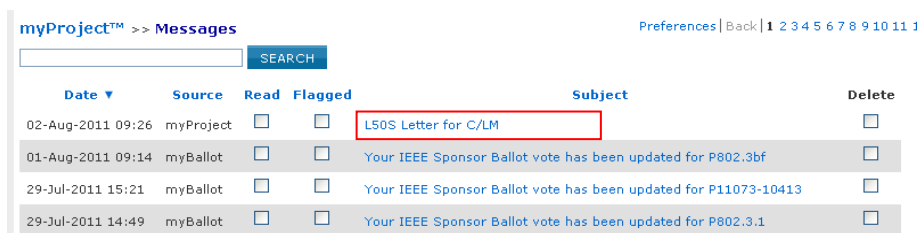

- Sponsor Chair, Standard Representative, Sponsor Treasurer

Notes:

- You will receive email notification through the myProject™ messaging system that L50S forms need to be submitted.
- Actual submission of the L50S is not done within myProject™.

Instructions:

1. From the myProject™ home screen, click "**Messages**".
2. Click on the message relating to the L50S.

3. Review the message and edit it if necessary.
4. Click “**OK**” to send the notification to all Sponsor Chairs.

4.11 Viewing Sponsors with Received L50S and L50S Non-Responders

Applicable Users:

- General Staff

Notes:

- All staff will be able to see the L50S status, but only financial staff can make changes.

Instructions:

To view all L50S that have been received for the year:

1. From the myProject™ home screen, select “**L50 Main Page**”.
2. Click “**L50S Received As Of Today**”.
3. Select a date from the “**L50 DUE DATE**” drop-down box to see the L50 responses for that due date. The most current will be displayed by default.

4.12 *Editing L50S Status Information*

L50S submission status does not automatically show up in myProject™. This information must be entered manually by SA financial staff.

Applicable Users:

- Financial Staff

Notes:

- Editing should only be done by SA financial staff.

Instructions:

1. From the myProject™ home screen, select “**L50 Main Page**”.
2. Click “**L50S Received As Of Today**” or “**L50S Non responder List**” (the sponsor will be in one of the two areas depending on the “status”)
3. Select a date from the “**L50 DUE DATE**” drop-down box to see the L50 responses for that due date. The most current will be displayed by default.
4. Click “**edit**” next to the Sponsor status you would like to edit.
5. On the next screen, you can change the date the L50 was received, change the status, L50 Block, Financial Activity.

6. Click OK to save the changes. If the status was changed from “Unknown” or “Not Received” to “Received” or “No Bank Account”, the sponsor will move from the “L50S Received As Of Today” list, to the “L50S Responder List”.

4.13 **Blocking Activity**

If a Sponsor fails to submit an L50S or P&P, it may be necessary for a “Process Block” to be placed on them. Blocking a sponsor’s activity prevents them from accepting PARs, and therefore having them moved to the final NesCom agenda.

Applicable Users:

- Financial Staff, AudCom Administrator

Notes:

- When a block has been placed, Sponsor Chairs/Standards Representatives will receive error messages when trying to initiate ballots and will see the following message in their “Manage My PARs” Screen.

Submitted PARs

One or more Sponsor Committees for the PARs below does not have an approved P&P or the L50S has not been received. You will not be able to accept or reject PAR submissions until a P&P for that Sponsor is approved or the L50S is received.

The PARs listed on this page require some action by you (the Sponsor or Standards Representative).

ACTIONS:

- Accept : Acceptance of the PAR by the required cutoff date of the next NesCom meeting. If you choose to accept, the PAR will be added to the next NesCom meeting agenda. Once accepted, the options available to the Sponsor will be changed to "Remove from Agenda".
- Reject : If you choose to reject the PAR, it will be returned to the submitter.
- Remove Sponsor Authorization: Allows you to remove a previously accepted PAR from the NesCom Agenda.

COMMENTS:

If comments are available regarding the PAR, you will view and respond to them here.

4.16 *Assign/Change Working Group Officers*

The Sponsor Chair and Standard Representative have the ability to assign officers for any of their Working Groups. Once a WG (Working Group) chair is assigned, he/she has the ability to manage the WG actions in myProject, including: manage committee, assign WG Officers, manage the WG Voting Member roster, initiate ballot invitations, start sponsor ballots, and more. A working group can manage more than one PAR/project. The working group chair may solicit help from the WG to manage the Sponsor ballots for the PARs. The person assigned to manage a Sponsor ballot for a specific PAR is called the Sponsor Ballot Designee. If a sponsor ballot designee is not assigned the responsibility falls on the WG chair.

Applicable Users:

- Sponsor Chair, Standard Representative, Working Group Chair/Vice-Chair/Co-Chair
- *Only Sponsor Chair/Standard Representative can assign Working Group Chair*

Notes:

- The person you are about to assign this role must sign up in this activity area first and be an IEEE and IEEE-SA member.
- Officers of working groups developing under the entity method must be representatives of Advanced Entity Members.
- For instructions on joining activities, see **Sec 3.1**
- The individual's username is needed to assign them an officer position.

- The chair will not be able to use myProject™ until he/she accepts or declines the role.

Instructions:

1. Login to **myProject™**
2. You will be prompted with a message informing you that you have been selected to serve as (*role title*) along with an agreement for acceptance.

myProject™ >> Account >> Working Group Chair Agreement
You have been selected to serve as Working Group chair. In order to assume this position, you must agree to the following:

I, Michael Lerer, as the Working Group Chair for the C/LM/WG802.5 Token Ring Working Group working group as of 29-Jul-2011, knowingly take on all responsibility for all project(s) under this working group.

As the Working Group Chair, I agree to avoid knowingly incorporating in Standards Publication(s) any copyrighted or proprietary material of another without such other's consent and acknowledge that Standards Publication(s) shall constitute a "work made for hire" as defined by the Copyright Act, and, that as to any work defined, I agree to and do hereby transfer any right or interest I may have in the copyright to said Standards Publication(s) to IEEE.

I acknowledge having read and understood the IEEE Code of Ethics:
<http://www.ieee.org/ethics>

Please be advised that all Working Group Chair candidate requirements are outlined in the IEEE-SA Standards Board Bylaws, Section 5.2:
<http://standards.ieee.org/guides/bylaws/sect5.html#5.2>

ACCEPT DECLINE

3. Select "**Accept**" to accept the role.

4.18 *Select Involvement Levels*

These are the involvement levels available to Working Groups:

- **Voting Member** = a voting member
- **Non Voting Member** = a member without voting rights
- **Observer** = someone who attends meeting or gets notices but does not participate
- **Aspirant Member, Nearly Member, Potential Member** = anything the group would like them to mean

Since not all Working Groups use all of these involvement levels, groups have the ability to select the ones they would like to use in myProject™ and Mentor.

Notes:

- The "Observer" involvement level may not be removed
- The "Interested" involvement level is also not optional, as it represents a user who has not been assigned an involvement level.

Applicable Users:

- Sponsor Chair, Standard Representative, Working Group Officers

4.20 ***Assign/Change Sponsor Ballot Designee and Other Project Officers***

A Working Group can manage more than one PAR/project. The Working Group Chair may solicit help from the working group to manage the Sponsor ballots for the PARs. The person assigned to manage a Sponsor ballot for a specific PAR is called the Sponsor Ballot Designee. The Working Group Chair may also assign individuals to assist with other phases of the project. If a designee is not assigned, the responsibility falls on the working group chair. Designees will be granted access in myProject™ to facilitate their specific function.

Project officers are:

Sponsor Ballot Designee/Alternate Ballot Designee – This individual may act on behalf of the Sponsor Chair and Working Group Chair to manage ballot activity for a specific project.

NesCom Designee – This individual has the ability to submit changes to existing PARs on behalf of the Working Group Chair.

RevCom Designee – This individual has the ability to submit material to RevCom on behalf of the Working Group Chair.

Coordination Designee – This individual has the ability to manage coordination (MEC, SCC14, etc.) on behalf of the Working Group Chair.

Technical Editor – This individual will be granted Standards Dictionary access

Applicable Users:

- Sponsor Chair, Standard Representative, Working Group Officers

Notes:

- The person you are about to assign this role must sign up in this activity area first and be an IEEE and IEEE-SA member.
- For instructions on joining activities, see **Sec 3.1**

MyProject™ will automatically send notifications to all users who have expressed interest in a group for specific activities, e.g. ballot invitations. “Send Notification to Group” allows officers and staff to send additional notifications to interested users.

Applicable Users:

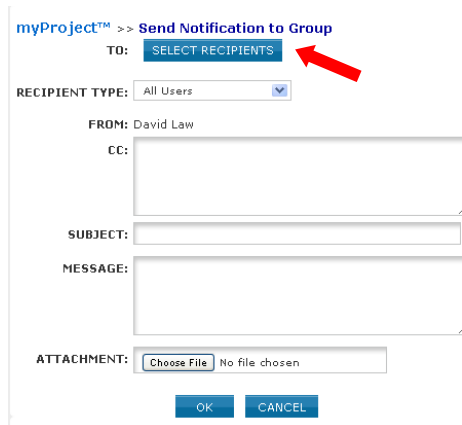

- Sponsor Chair, Standard Representative, Working Group Officers

Notes:

- Anyone who registers as interested in the group in the “Manage Activity” area will receive messages sent to that group. Notifications are not tied to access levels or IEEE-SA membership.
- Sponsor and Working Group level interests are treated separately, therefore: Users interested at the sponsor level will not receive notifications sent to related Working Groups only. Users interested at the Working Group level will not receive notifications sent to the related sponsors only.

Instructions:

1. On the **myProject™** Home Screen, select “**Send Notification to Group**”.
2. Click “**SELECT RECIPIENTS**” to select the groups you would like to send the notification to.

5 The PAR Submission and Approval Process

In order to start work on a new standard, a PAR (Project Authorization Request) must be submitted. Work cannot start on a standard until the PAR is reviewed by NesCom (New Standards Committee) and approved by the Standards Board.

Relevant sections of the myProject™ user guide:

- PAR is Submitted - **5.1 Submit a PAR for a New IEEE Standard, 5.3 Submit a PAR for a Revision, Corrigendum, or Amendment, 5.4 Modify an Approved PAR , 5.6 Withdraw an Approved PAR**
- Sponsor Accepts PAR - **5.7 Accept or Reject a PAR**
- NesCom Comments on the PAR - **5.11 Commenting and voting on a PAR, 5.13 Respond to NesCom Comments About a PAR**

5.1 Submit a PAR for a New IEEE Standard

This form is for submitting a PAR related to a completely new standard. The project can be worked on by an existing Working Group, or a new one can be requested. You must have approval of a sponsor committee, however, for your PAR to be considered.

Applicable Users:

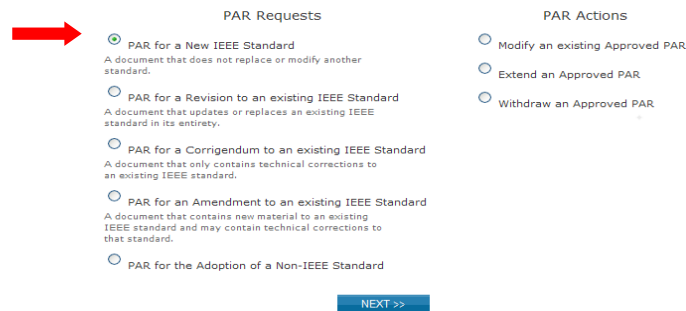

- IEEE-SA Members

Notes:

- The Sponsor must have an approved P&P (policy and procedures) before it can submit a PAR.
- If the Sponsor's P&P is expired, the P&P must be reapproved before submitting a PAR. (For more information on uploading Sponsor P&Ps, see **Sec 4.4 Upload & Manage Sponsor or Working Group P&Ps.**)

Instructions:

1. On the **myProject™** Home Screen, select "Submit a PAR".
2. Select "**PAR for a New Standard**" under "PAR Requests" then click "**NEXT**".

The screenshot shows a web interface with two columns: 'PAR Requests' and 'PAR Actions'. Under 'PAR Requests', there are five radio button options:

- PAR for a New IEEE Standard (highlighted with a red arrow): A document that does not replace or modify another standard.
- PAR for a Revision to an existing IEEE Standard: A document that updates or replaces an existing IEEE standard in its entirety.
- PAR for a Corrigendum to an existing IEEE Standard: A document that only contains technical corrections to an existing IEEE standard.
- PAR for an Amendment to an existing IEEE Standard: A document that contains new material to an existing IEEE standard and may contain technical corrections to that standard.
- PAR for the Adoption of a Non-IEEE Standard

 Under 'PAR Actions', there are three radio button options:

- Modify an existing Approved PAR
- Extend an Approved PAR
- Withdraw an Approved PAR

 At the bottom of the 'PAR Requests' column, there is a blue button labeled 'NEXT >>'.

3. Select the appropriate working group by using the "+" to expand the Society/Sponsor Committee. (*This is the group that is responsible for supporting the work. By selecting the appropriate group, the Sponsor Chair and Working Group Chair are notified of the PAR submittal. The Sponsor Chair will need to accept the PAR in order for NesCom to approve it.*)

- If the PAR is for a new working group that you need to create:
 - Select "**Request New Working Group**" next to the appropriate sponsor/committee.
 - When Prompted, enter the full name of the working group, e.g., "Implementing Technology To Limit Climate Change" and a short name, e.g., CCWG (will appear on PAR as PE/ED&PG/CCWG), then click "**NEXT**"
 - Review the information displayed and click "**NEXT**"
 - The sponsor chair will be notified of the new group and will need to approve it and assign a working group chair
- If the PAR is for an existing working group:
 - Find the working group in the green area and click "**Select**"
 - Review the information displayed then click "**NEXT**"
 - **If the any Working Group information is incorrect or blank, contact the Sponsor Chair. This information must be corrected before submitting a PAR.**

5.2 Saving, Editing, Sharing and Deleting a Draft PAR

You can save a PAR at any time as a draft and return to it later, share it, or delete it.

Applicable Users:

- IEEE-SA Members

Instructions:

1. Click "**SAVE**" on any PAR form.
2. When you are ready to resume, go to the myProject™ Home page and select "**Manage My PARs**"
3. To return to the PAR, locate the PAR in the list and click "**edit**", then continue editing the PAR.

These forms are similar PARs for a new standard but are for PARs to change existing IEEE standards. Revisions are documents that replace the current standard, corrigenda add technical corrections, and amendments are other additions or corrections to the standard.

Applicable Users:

- IEEE-SA Members

Instructions:

1. On the **myProject™** Home Screen, select "**Submit a PAR**".
2. Select "**PAR for a Revision...**", "**PAR for a Corrigendum...**" or "**PAR for an Amendment...**" under "PAR Requests", then click "**NEXT**".

P802.3.1

1. NUMBER OF YEARS THAT THE EXTENSION IS BEING REQUESTED: ⓘ

Title:
Standard for Management Information Base (MIB) definitions for Ethernet

Scope:
This standard contains the Management Information Base (MIB) module specifications for IEEE Std 802.3, also known as Ethernet. It includes Structure of Management Information version 2 (SMIv2) MIB module specifications and Guidelines for the Definition of Managed Objects (GDMO) MIB modules. The SMIv2 MIB modules are intended for use with the Simple Network Management Protocol (SNMP), commonly used to manage Ethernet. The Structure of Management Information version 2 (SMIv2) MIB module specifications were formerly produced and published by the Internet Engineering Task Force (IETF), and the Guidelines for the Definition of Managed Objects (GDMO) MIB modules were formerly specified within IEEE Std 802.3. This standard includes extensions resulting from amendments to IEEE Std 802.3 that were not reflected in IETF specifications.

Purpose:
The purpose of the standard is to publish the SMIv2 and GDMO MIB module specifications in a single document that is separate from IEEE Std 802.3, wherein the SMIv2 module specifications are also published in a machine-readable format. Amendments and revisions to IEEE Std 802.3.1 may be performed to update the MIB module specifications as required to track amendments and revisions to IEEE Std 802.3.

7. The PAR withdrawal will now be added to the next NesCom agenda and notifications will be sent to the Working Group Chair, Sponsor Chair, Staff Liaison, and NesCom Administrator.

5.7 Accept or Reject a PAR

After the PAR is submitted, it will tentatively be placed on the agenda for the next NesCom meeting. The PAR must be accepted, however, by the Sponsor Chair or Standard representative before the NesCom meeting. In the case of Joint sponsorship, only the primary Sponsor must accept the PAR. The joint sponsor, however, will receive all notifications and have access to NesCom comments and related dialogue.

Applicable Users:

- Sponsor Chair, Standard Representative

Notes:

- The PAR will not be put onto the final NesCom agenda without sponsor approval. If the sponsor fails to approve the PAR, it will move to the following NesCom meeting agenda.
- If you require changes to the PAR before accepting, please contact the NesCom Administrator to make those changes. Rejecting the PAR may delay approval.

Instructions:

1. On the **myProject™** Home page, select **"Manage My PARs"**.
2. Under the **"Submitted PARs"** section, click **"accept"** or **"reject"** next to the PAR to accept or reject that PAR.
3. You can also click on the PAR number to view the PAR as well as reading and making comments by clicking on the comments number.

Submitted PARs

The PARs listed on this page require some action by you (the Sponsor or Standards Representative).

ACTIONS:

- Accept : Acceptance of the PAR by the required cutoff date of the next NesCom meeting. If you choose to accept, the PAR will be added to the next NesCom meeting agenda. Once accepted, the options available to the Sponsor will be changed to "Remove from Agenda".
- Reject : If you choose to reject the PAR, it will be returned to the submitter.
- Remove Sponsor Authorization: Allows you to remove a previously accepted PAR from the NesCom Agenda.

- After a date is added, you will need to build a meeting agenda. PAR withdrawals, modified PARs, New PARs and extension requests will automatically be added to the next meeting agenda, but the agenda must be created first.
- You can add items to the agenda individually, but it is recommended you start with a template and edit the agenda to your needs. To use a template, select one from the list and click **"Load From Template"**.

5.11 *Commenting and voting on a PAR*

Once the PAR is submitted, there will be a review period where NesCom members can make comments and vote on the PAR.

Applicable Users:

- NesCom Members

Notes:

- The NesCom Administrator must approve all comments before they are visible to the submitter.

Instructions:

1. On the **myProject™** Home Screen, select **"NesCom Member Area"**.
2. Here you will see a list of past and upcoming meetings along with the meeting status and actions. To view the agenda and comment or vote on PARs, click **"agenda"** next to a meeting that is in individual or open review status.

5.13 Respond to NesCom Comments About a PAR

Once the PAR is submitted, there will be a review period where NesCom members can comment on the PAR. The comments will be moderated by the NesCom administrator, who is also responsible for making any changes to the PAR before the NesCom meeting.

Applicable Users:

- Par Submitter, Sponsor Chair, Standard Representative, Working Group Chair/Vice-Chair/Co-Chair, NesCom Designee

Notes:

- Failure to respond to a comment may result in deferral of the PAR to the next NesCom agenda.
- Only the NesCom administrator can make changes to the PAR at this stage. Your agreement with requested changes or submission of new wording can be included in your dialog response. If the changes are extensive, respond to the comment and email your changes to the NesCom administrator (nescom-admin@ieee.org)

Instructions:

1. On the myProject™ Home page, select “Manage My PARs”.

2. Locate the PAR and click the number under the Comments column.

Submitted PARs
The PARs listed on this page require some action by you (the Sponsor or Standards Representative).

ACTIONS:

- Accept : Acceptance of the PAR by the required cutoff date of the next NesCom meeting. If you choose to accept, the PAR will be added to the next NesCom meeting agenda. Once accepted, the options available to the Sponsor will be changed to "Remove from Agenda".
- Reject : If you choose to reject the PAR, it will be returned to the submitter.
- Remove Sponsor Authorization: Allows you to remove a previously accepted PAR from the NesCom Agenda.

COMMENTS:
If comments are available regarding the PAR, you will view and respond to them here.

This project had received two previous extensions of one year each. Were those extensions also due to the WG Chair not being able to move the balloting forward?
There is no dialog for this comment.

5. You can use this feature to continue a dialog with NesCom members and the NesCom administrator.

5.14 View PAR Expiration Report and Send Reminders

This feature generates a report of all expiring PARs that are not on an agenda. PARs can be sorted and searched by project type, expiration year, or text. If a PAR has had an expiration reminder sent, then the "Reminders Sent" column will show the dates the group has been notified. Selecting the "Manage PAR Expiration" link allows the admin to select expiring PARs and send reminder messages, or to administratively withdraw the PAR.

Applicable Users:

- NesCom Admin

Notes:

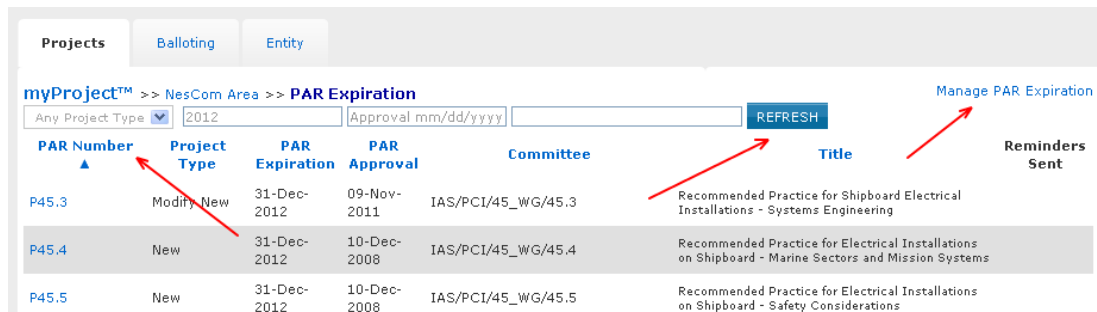

- Three expiration reminders are sent to the Working Group officers. The third reminder will be archived to eProjects.

Instructions:

1. On the **myProject™** Home Screen, select **"NesCom Area"**.
2. Click **"PAR Expiration"**

3. Enter search terms in the boxes and click "Refresh", or click on a column heading to sort.
4. Click "Manage PAR Expiration" to issue a reminder or administratively withdraw a project.

5. Check the boxes next to PARs you would like to act upon and click "Send Reminder Message" or "Administrative Withdrawal".

6 Sponsor Balloting

Once a draft document is stable, it is ready for balloting. A ballot invitation must be initiated, a ballot group formed and a ballot initiated. The draft must receive a consensus approval or be recirculated until one is obtained.

Relevant Sections of the myProject™ User Guide:

- MEC – **6.1 Submit a Draft for MEC**
- Ballot Invitation – **6.4 Initiate Ballot Invitation**
- Ballot Group Formation – **6.7 Join a Sponsor Ballot (Individual Balloting), 6.8 Pay to Join a Single Ballot (Individual Balloting), 6.10 Join a Ballot (Entity Balloting)**
- Balloting – **6.14 Initiate Sponsor Ballot, 6.17 Vote and/or Comment on a Ballot**
- Comment Resolution – **6.23 Comment**

6.1 *Submit a Draft for MEC*

Mandatory Editorial Coordination (MEC) is required prior to the start of a Sponsor Ballot. MEC ensures conformance with all IEEE requirements. Review of your draft and permission letters will reduce the number of recirculations and help to avoid delays in approval or possible rejection by RevCom.

Applicable Users:

- Sponsor Chair, Standard Representative, Working Group Chair/Co-Chair/Vice-Chair, Sponsor Ballot Designee

Notes:

- The Mandatory Editorial Coordination (MEC) should be initiated by the start of the ballot invitation.
- Be sure to include all copyright permissions letters at this time.

Instructions:

1. On the **myProject™** Home Screen click the **"Balloting"** tab.

2. Click **"Mandatory Editorial Coordination"**.

3. Complete the form displayed, making sure to fill out all relevant fields. Make sure to select the correct staff liaison. Liaisons for your working group can be found here: <https://development.standards.ieee.org/pub/liasons>

4. Click the "**Browse...**" button to select your file for upload. If you are including copyright permissions letters or other additional files, you will need to create a .zip file and upload a single file.
5. Click "**Upload selected file now**" to submit the form, upload your file and notify your Staff liaison.

6.2 Add Coordination Users

In order to be able to make comments on a ballot, staff must be added as a coordination user.

Applicable Users:

- Staff Liaison, Ballot Center Staff, Project Admin Staff, Governance Staff, ODB Staff.

Notes:

- Editorial Staff are not automatically added as coordination users
- If "Misc Coordination" is not checked, the user is given "editorial coordination" access and will be able to comment on all open ballots.

Instructions:

1. On the **myProject™** Home Screen click the "**Balloting**" tab.
2. Click "**Manage Coordination Users**".
3. You will see a list of all current coordination users. Click "**Add Coordination User**".

6.4 *Initiate Ballot Invitation*

The first step in sponsor balloting is forming the ballot group. In order to form this group, a ballot invitation must be initiated. All users who have expressed interest in the project through myProject™ will be notified of the ballot group formation. During the invitation period, typically 30 days, individuals (or entity representatives) can join the balloting group, change their voter classification, or withdraw from the ballot. Working Group officers should monitor the group for balance during this period.

Applicable Users:

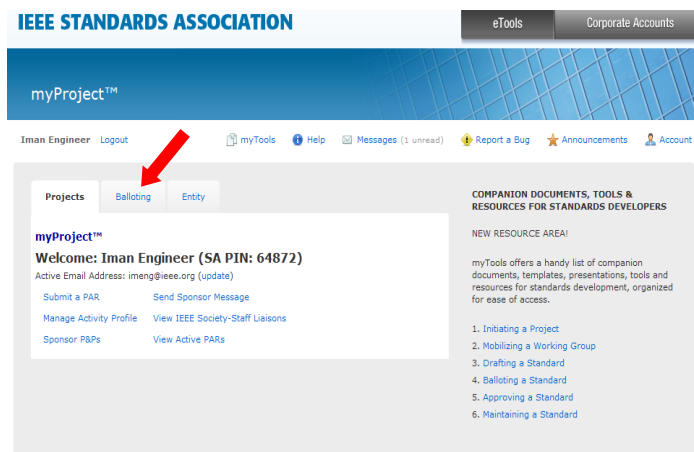

- Sponsor Chair, Standard Representative, Working Group Chair/Co-Chair/Vice-Chair, Sponsor Ballot Designee

Notes:

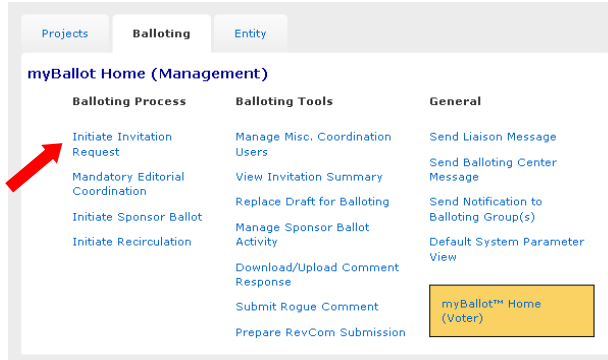

- The MEC should be initiated before the ballot invitation is sent out. For more information on submitting a draft for MEC, see **Sec 6.1 Submit a Draft for MEC**.
- The invitation will not open until your staff liaison reviews and sends the invitation.
- The Sponsor Chair/Standards Representative will be notified of the invitation, but are not required to mark approval.
- Sponsor balloting must begin within six months of the invitation. If sponsor balloting does not begin within six months, the ballot group must be re-formed.

Instructions:

1. On the **myProject™** Home Screen click the **"Balloting"** tab.

2. Click **"Initiate Invitation Request"**.

3. Complete the fields and click **"NEXT"**.
 - **Project:** Select the project from the drop-down menu.
 - **Ballot Type:** Select the type from the drop-down menu.
 - **Length of Your Invitation:** Enter the length of the invitation, a minimum of 15 days is required; 30 is preferred.

[myBallot Home \(Management\)](#) >> [Initiate Invitation Request](#)

Step 1 / 4

Please fill in this form to begin processing your IEEE Standards Sponsor Ballot Invitation.

A pre-ballot review of your draft is strongly recommended. Please [fill out this form](#) to receive a pre-ballot review.

A copy of your PAR may aide in submitting this form. For your convenience a copy of the PAR is available at the [PAR Approvals/History](#) site.

IEEE Standards balloting groups are usually formed by sending out invitations to existing IEEE Standards Invitation pools. Those who are eligible and respond to the invitation become the balloting group for your specific IEEE Standards Sponsor ballot ([as per IEEE-SA Standards Board Bylaws](#)).

Invitations are usually made available for a 30-day period.

Please fill out all fields in this form to begin processing your IEEE Standards Sponsor Ballot Invitation. When complete this information will be sent to your IEEE staff liaison. It normally takes 3-5 business days to process a ballot invitation request. If you have any questions, please contact your [IEEE Standards Staff Liaison](#).

6. Verify the Invitation information.

- Review the invitation. Use the "**BACK**" button to make changes.
- For most ballots, do not include an attachment.
- Additional description can be added in the "**Sponsor Text**" area.
- Do not attach published standards or drafts, necessary documents will be made available in myProject™ once the ballot has opened.
- Click "**OK**" to complete the invitation process.

6.5 Review Ballot Invitations

When an officer initiates a ballot invitation, the invitation does not automatically open. The staff liaison must first review and send the invitation to move the ballot from the "PreInvite" stage to the "Invitation" stage.

Applicable Users:

- Staff Liaison

Instructions:

1. On the **myProject™** Home Screen, select "**Review Ballot Invitations**".
2. On this screen you will see all of the ballots for your societies that are in the pre-invite or invitation stages. To review an invitation, click "**review**" next to the project invitation you would like to review.

6.6 Reopen/Extend Ballot Invitation

This option is for extending a ballot invitation to allow potential balloters more time to join the ballot group or change their voter classification.

Applicable Users:

- Sponsor Chair, Standard Representative, Working Group Chair/Co-Chair/Vice-Chair, Sponsor Ballot Designee

Notes:

- This can only be done after the initial invitation period closes and **before** the ballot opens ("PreBallot" or "PreBallot Review" stage).

Instructions:

1. On the **myProject™** Home Screen click the "**Balloting**" tab.
2. Click "**View Invitation Summary**".

3. Locate the project and click "**extend invitation**" under the "**Actions**" column.

6.7 Join a Sponsor Ballot (Individual Balloting)

Applicable Users:

- All IEEE-SA Members

Notes:

- You are required to be an IEEE-SA member or pay a per-ballot fee to join an IEEE-SA ballot.
- Joining a ballot allows you to vote and submit comments when the project opens for balloting.
- Balloting group members have an obligation to respond during the balloting period; failure to return a ballot may disqualify the balloter from participation in future balloting groups.
- You can easily add or remove yourself from a balloting group, but only while the balloting group is forming. Your participation is fixed after the ballot invitation closes.

Instructions:

- On the **myProject™** Home Screen click the **"Balloting"** tab.
- If you have sponsor authority (e.g. sponsor chair, working group chair, sponsor ballot designee), select **"myBallot™ Home (Voter)"**.

- Select **"Show/Join Open Ballot Invitations"**.

- On this screen you will initially see open ballot invitations that are tied to your selection(s) under **"Manage Activity Profile"**. Check the box next to **"Show all open ballot invitations"** to see all ballot invitations you are eligible to join.

The list below consists of projects/standards in the "invitation" stage of activity areas in which you have indicated an interest. Optionally, you may show all open Ballot Invitations.

Projects on this list are forming and accepting new participants until the "invitation close" date/time shown. To become a participant in a ballot group forming below (and thus be afforded the opportunity to vote/submit comments when the balloting project opens for ballot), click the "Join" link in the Actions column and follow the instructions.

You can also easily remove yourself by clicking the "Remove" link in the Actions column. You can remove yourself from the balloting group only while it is in formation -- after the invitation close date/time, your participation is fixed.

Classification	Definition
<input type="radio"/> Academic	An educational institution or a person or entity affiliated with such institution, providing academic review of the standard being developed.
<input checked="" type="radio"/> General Interest	A participant in standards activities that may benefit directly or indirectly, and may be affected by the standard being developed without being primarily a member of any of the other interest categories defined for this ballot.
<input type="radio"/> Government/Military	A governmental entity or a person affiliated with such entity with direct interest in the standard being developed.
<input type="radio"/> Producer	A person or entity that directly creates or that will create a conformant product, component, or service, for sale or distribution.
<input type="radio"/> User	A person or entity that relies or will rely on the standard to define conformance of the product or service, and to create a common understanding of the operation of the product or service.

- Click "OK" to complete joining the ballot.

6.8 Pay to Join a Single Ballot (Individual Balloting)

Applicable Users:

- All Non IEE-SA Members.

Notes:

- You are required to be an IEEE-SA member or pay a per-ballot fee to join an IEEE-SA individual ballot group.
- Joining a ballot group allows you to vote and submit comments when the project opens for balloting.
- You can easily add or remove yourself from a balloting group, but only while the balloting group is forming. Your participation is fixed after the ballot invitation closes.
- Be sure to leave enough time to process your payment/membership before the close of the ballot invitation.
- While you do not have to be an IEEE member or IEEE Society member to join the SA, it is far more cost effective to do both:
 - IEEE-SA membership entitles you to unlimited individual balloting.
 - If you currently are or become an IEEE Member or Society Member, you can add SA membership to your IEEE Membership or Society Membership. For 2013, it is \$50.00 for IEEE-SA membership in addition to the cost of your IEEE membership or Society membership.
 - Joining the IEEE-SA alone is \$232 for calendar year 2012.
 - The most expensive option is to join a single ballot. For 2012, the cost is \$280.00 per ballot, and it entitles you to join just one ballot group and any recirculations of that ballot. To take advantage of this service which is unavailable online, complete the form at least 5 working days prior to invitation closing to allow time for processing.
 - More information on membership can be found at: <http://standards.ieee.org/membership/>

Instructions:

1. On the **myProject™** Home Screen click the "**Balloting**" tab.
2. Select "**Join Single Ballot**".

3. Fill out the form to submit your information electronically or click "**print & mail**" to print the form and follow the instructions on the page to mail in your request.

During this period, you will be contacted by the IEEE-SA Balloting Center requesting your "classification category selection" for the ballot (e.g., user, producer, general interest, academic), as this must be entered into myProject by Balloting Center staff. If you have any questions or require assistance, please send an email to: sa-ballot@ieee.org

6.9 *Override Membership Status*

It may be necessary to override an individual's membership status so that individual can participate in a ballot. This is usually done if an application is in process and membership will not be official before the ballot invitation closes or if an individual has paid the balloting fee.

Applicable Users:

- ODB Staff, Ballot Center Staff

Notes:

- This may only be done while the ballot is in the invitation stage.

Instructions:

1. On the **myProject™** Home Screen, select "**Override IEEE/SA Membership Status**".
2. On this screen, you will see all individuals who are in "override" status.
 - To remove an individual's override status, click "**remove**" next to their name.
 - Once an individual's membership has been processed, you can click "**combine**" next to their name to combine this account with a new web account. This will merge the ballot records and allow the individual to access this ballot from his/her new web account.

To override for a new individual, click "**Override Membership**".

3. Enter the username of the individual whose membership you are overriding, select the ballot they will be participating in, select the reason for the override (application processing or ballot fee paid) and click "**NEXT**".
4. Review the ballot information and select the voter classification for the individual.
5. Click "**OK**" to complete the override.

6.10 Join a Ballot (Entity Balloting)

Participation in Entity Ballots is limited to IEEE-SA Entity Members. These entities are represented by an EBR (Entity Ballot Representative) and EBRA (Entity Ballot Representative Alternate). Any employee of the Entity Member institution may enroll as the EBR or EBRA if the slot has not already been filled. Only the EMR (Entity Member Representative) has the ability to replace the EBR or EBRA.

Applicable Users:

- EBR (Entity Ballot representative) or EBRA (Entity Ballot Representative Alternate) of an IEEE-SA Entity Member.

Notes:

- Joining a ballot allows you to vote and submit comments when the project opens for balloting.
- You can easily add or remove yourself from a balloting group, but only while the balloting group is forming. Your participation is fixed after the ballot invitation closes.
- **Each entity shall name one primary voting representative and, optionally, one alternate voting representative. Only a ballot from one of these representatives will be accepted.** If ballots are received from other parties, they will not be counted. If ballots are received from both the primary voting representative and the alternate voting representative, only the vote from the primary voting representative will be counted.
- **By joining a ballot, you will automatically be entered as the EBR if one has not already been entered.** If the EBR slot is filled, you will be entered as EBRA. If both slots are filled, you will be added to a waiting list.
- Each primary and alternate voting representative can ballot for only one entity; no individual can represent the interests of more than one entity.

Instructions:

1. On the **myProject™** Home Screen click the **"Entity"** tab.
2. Select **"Entity Project Enrollment"**.

3. Check the **"Join/Remove Interest Area"** box to the left of the project(s) you are enrolling, select your affiliation for that project from the **"Affiliation"** drop-down box on right, and click **"OK"**.
 - Your affiliation must be an entity member. Entity members have "(Entity Member)" at the end of their names in the drop-down box.
 - Entities can be represented in a ballot group by a maximum of two individuals: a primary member and an alternate member. If your affiliate is already represented in the ballot group in those two roles, you will be asked if you wish to join a wait list.

6.11 Manage Ballot Representatives (Entity Balloting)

Participation in Entity Ballots is limited to IEEE-SA Entity Members. These entities are represented by an EBR (Entity Ballot Representative) and EBRA (Entity Ballot Representative Alternate). Any employee of the Entity Member institution may enroll as the EBR or EBRA if the slot has not already been filled. Only the EMR (Entity Member Representative) has the ability to replace the EBR or EBRA.

Applicable Users:

- EMR

Notes:

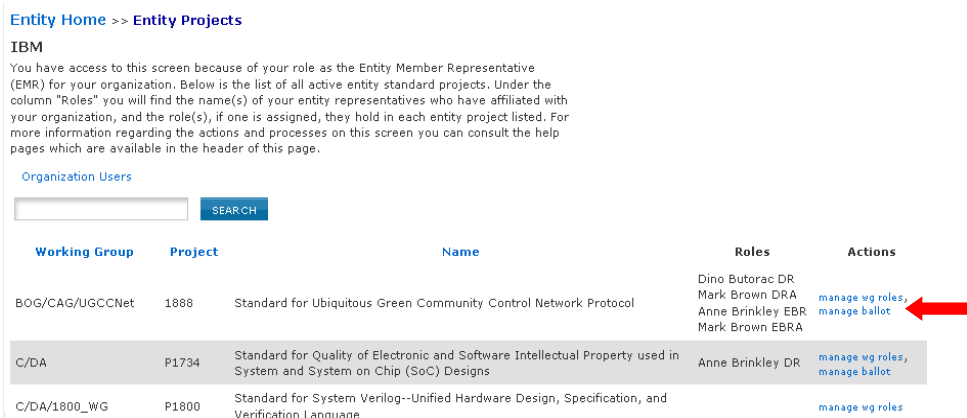

- Users must already be enrolled in the entity project to be added as EBR or EBRA and it is recommended that they enroll themselves as EBR and EBRA. For more information on joining an entity ballot, see **Sec 6.10** Join a Ballot (Entity Balloting)

Instructions:

1. On the myProject™ Home Screen, click the “Entity” tab.
2. Click “Manage your company”.

3. Click “manage ballot” next to the project ballot you want to manage.

4. You will see the details on the open ballot, along with any votes that have been submitted on behalf of your company. To manage the ballot representatives, click “Manage Ballot Roles”.

6.12 Remove Yourself from a Ballot

Applicable Users:

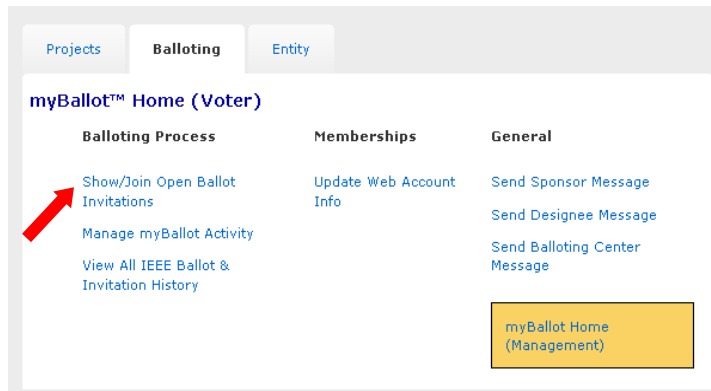

- IEEE-SA members currently enrolled in a ballot

Notes:

- You can easily remove yourself from a balloting group, but only while the balloting group is forming.
- Your participation is fixed after the ballot invitation closes.
- If you have paid a per-ballot fee or your membership is processing, you will not be able to remove yourself from a ballot. IEEE-SA balloting center staff must make any necessary changes. Contact balloting center at: sa-ballot@ieee.org
- Instructions for Entity Balloting are the same, but ballots are accessed through the **"Entity"** tab instead of the **"Balloting"** tab.

Instructions:

6.14 *Initiate Sponsor Ballot*

Once the ballot invitation is closed, and the ballot group has been balanced, it is time to prepare the final draft and initiate the ballot.

Applicable Users:

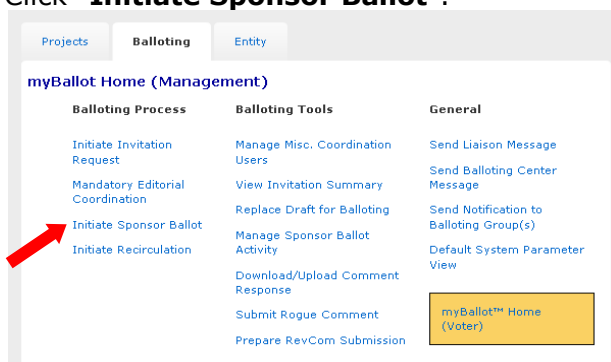

- Sponsor Chair, Standard Representative, Working Group Chair/Co-Chair/Vice-Chair, Sponsor Ballot Designee

Notes:

- Ballots cannot be opened unless all permission letters for borrowed material have been received, reviewed and approved by staff.
- The ballot will not actually open until your staff liaison approves the uploaded draft.
- A cover letter is not required.

Instructions:

1. On the **myProject™** Home Screen click the **"Balloting"** tab.
2. Click **"Initiate Sponsor Ballot"**.

3. Select your project from the PAR drop down list.
4. Enter the **"Ballot Open Date"**.
5. Enter the **"Ballot Close Date"** (must be a minimum of 30 days).
6. Enter the **"Draft #"** (must match the draft number in the draft).
7. **Select File for Uploading:** Click the Browse... to find your draft file. The file must be in PDF format.
8. Review the system generated text. If you would like to add additional instruction or information, use the **"Sponsor Text"** Area.
9. Click **"Initiate Ballot"**.

6.15 Review Ballot

After a sponsor ballot is initiated but before it is approved by a staff liaison, the Sponsor has the ability to edit the sponsor text portion of the ballot notification and view/replace the draft.

Applicable users:

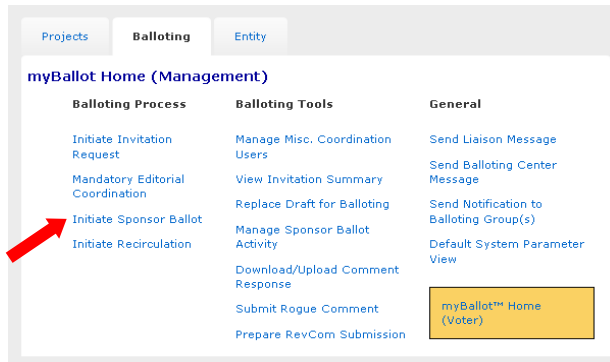

- Sponsor Chair, Standard Representative, Working Group Chair/Co-Chair/Vice-Chair, Sponsor Ballot Designee

Notes:

- The ballot will not actually open until your staff liaison approves the uploaded draft.
- Sponsor review is not required before liaison approval of the ballot.

Instructions:

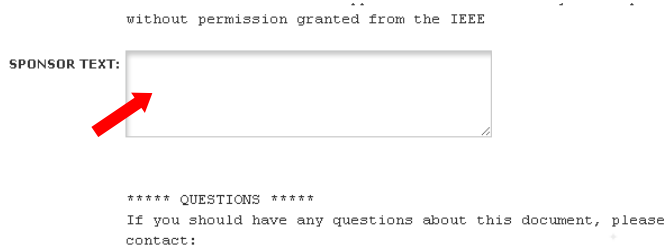

1. On the **myProject™** Home Screen click the **“Balloting”** tab.
2. Click **“Manage Sponsor Ballot Activity”**.

3. Click **“Review Ballot”** next to the project you want to review.

Notes:

- Instructions for Entity Balloting are the same, but ballots are accessed through the “**Entity**” tab instead of the “**Balloting**” tab.
- You must follow some rules for uploading multiple comments, and strictly adhere to the formats presented in the “Data Field Descriptions”. Failure to do so will, at best, result in difficulties with the upload and, at worse, could cause your upload to be rejected or partially uploaded.
- You must use a blank template when uploading comments. Files containing comments already uploaded will be rejected.

Instructions:

1. On the **myProject™** Home Screen, click the “**Balloting**” tab.
2. If you have sponsor authority (e.g. sponsor chair, working group chair, sponsor ballot designee), select “**myBallot Home (Voter)**”.
3. Select “**Manage myBallot Activity**”.

4. On this screen, you will see all active ballots that you have participated in (check “include Inactive ballots” to show all ballot history). You can view the draft document by clicking on the file under the draft number.
5. If the project is in the balloting stage, you will see a dropdown box under the “Vote” column. Select your vote and click “**OK**” so save.

PROPOSED CHANGE:

6.19 *Change (Flip) a vote*

After balloting closes, voters who have voted "Disapprove", may "flip" their vote to either "Approve" or "Abstain" at any time before recirculation or the RevCom meeting.

Applicable users:

- myProject™ users who have voted "Disapprove" on a ballot.

Notes:

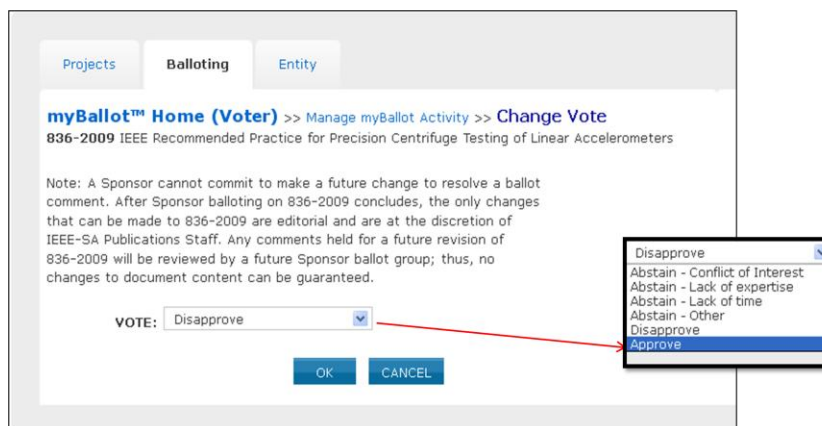

- You will receive notification of your vote change. This notification will be included with the RevCom submission.
- You may only change you vote once using this feature. You will not be able to change the vote back to "Disapprove".

Instructions:

1. On the **myProject™** Home Screen, click the "**Balloting**" tab.
2. If you have sponsor authority (e.g. sponsor chair, working group chair, sponsor ballot designee), select "**myBallot Home (Voter)**".
3. Select "**Manage myBallot Activity**".
4. Click "**CHANGE VOTE**" next to the vote you would like to flip. **This option will only be available if you have voted "disapprove"**.

5. Select either "Abstain" or "Approve" from the "**VOTE**" menu and click "**OK**".

6. After confirming your change, a message will be sent to you, the Working Group Chair and Sponsor Chair notifying them of the flipped vote. A record of the vote flip will be stored and made available as part of the submission to RevCom.

- Flipped votes will appear as the following:

6.23 *Comment Disposition*

6.23.1 *Disposition Status Definitions*

The IEEE-SA has not defined the meaning of the Disposition Status to give a leeway to the committee. Here are some guidelines:

Accepted – The committee agrees with the comment and implements change exactly as suggested.

Revised – The ballot disposition committee accepts the suggested remedy in principle. This means that the ballot disposition committee will make a change to the draft based on a revision of the suggested remedy. The Disposition Detail field shall provide sufficient detail for ballot group members to understand the revision of the suggested remedy provided by the commenter.

Rejected – The ballot disposition committee does not accept the suggested remedy. The Disposition Detail field shall provide sufficient detail for ballot group members to understand the rationale for this rejection.

The following disposition status values are obsolete beginning 1 June 2011: For all initial and recirculation ballots in process at the time of the roll-out (1 June 2011), the "OLD" Disposition Status options will be used. For all ballots that start after the roll-out (initial and recirculation), only the "NEW" Disposition Status options will be used.

For bulk comment files, here are the find/replace operations you may need to do if you completed the field with "old" responses and need to convert to "new" responses.

- (1) Highlight the Disposition Status column and perform the 'find/replace' procedure with the following:
- (2) Replace Agree with Accepted.
- (3) Replace Principle with Revised
- (4) Replace Disagree, Out of Scope and Unresolvable with Rejected

*NOTE: Verify that the Disposition Details are accurate or make sense after the replacements are made. Suggest adding the text "out of scope" for "unresolvable" to the Disposition Details where applicable

Disagree/D: committee does not agree with the comment.

Out of Scope/OOS: comment may refer to something that is not available for comment at this time /comment is outside of the scope of the document or recirculation. Note: The section of the document that was not commented on the first review is recognized as approved section and the negative comment on the recirculation may not be recognized unless majority of WG/BRC (Ballot Disposition Committee) feels the need to address the comment.

Principle/P: committee agrees in theory but does not agree with the change or the other way around. In any case, a detail response needs to be made to state your action.

Unresolvable: comment cannot be resolved (may be too broad or vague) or the chair has unsuccessfully attempted to contact the commenter to resolve the issue.

6.23.2 Respond To Ballot Comments Individually

Applicable Users:

- Sponsor Chair, Standard Representative, Working Group Chair/Co-Chair/Vice-Chair, Sponsor Ballot Designee

Notes:

- All comments must be responded to. The response should show that the comment was seriously considered (myProject will accept a disposition status without any detail but RevCom will look for the details).

Instructions:

3. On the **myProject™** Home Screen click the **“Balloting”** tab.
4. Click **“Manage Sponsor Ballot Activity”**.

5. Find the project you want to manage and click the number under the **“Comments”** column to view the comments.

The "Resolution Status" column must contain one of the following values:

- Accepted
- Revised
- Rejected

Note: You will receive an upload error message if the "Resolution Status" column contains text other than that specified above.

The "Resolution Detail" may be any text describing the resolution.

After you have updated the spreadsheet and the ballot is in the comment resolution stage, you can upload the file in CSV or Excel (XLS) format from this page.

UPLOAD COMMENT RESOLUTION FILE: 

5. Click "**OK**".
6. View the comments in myProject and make sure your comments were uploaded correctly (See Sec 6.23.2 for more detail).

6.24 *Initiate Recirculation*

A recirculation is needed when:

- Substantive changes were made since the last balloted draft (whether triggered by comments accompanied with YES or NO votes).
- Comments are received from IEEE-SA editors marked “must be satisfied” (MBS).
- A recirculation resulted in negative votes with new comments within the scope of the recirculation.

On a recirculation, a vote shall be based only on the changed portions of the balloted document, clauses affected by the changes, or portions of the balloted document that are the subject of the unresolved negative votes

Applicable Users:

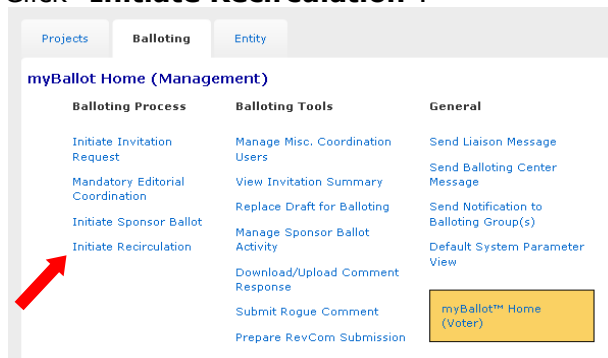

- Sponsor Chair, Standard Representative, Working Group Chair/Co-Chair/Vice-Chair, Sponsor Ballot Designee

Notes:

- A cover letter is required.
- The recirculation must be approved by the Staff liaison.

Instructions:

1. On the **myProject™** Home Screen click the “**Balloting**” tab.
2. Click “**Initiate Recirculation**”.

3. Select the PAR from the drop-down box and click “**OK**”.
4. Complete the fields, click “**Browse...**” to select files, making sure to include:
 - Cover letter stating the reason for recirculation. Click the “view a sample cover letter” link to view/download a sample cover letter that you can use as a template.
 - Draft number, if changes have been made. This number must match the draft number on the file being uploaded.
 - New draft in PDF format, if changes have been made. If a draft is not provided, the system will assume you did not make any changes to the draft since it was last balloted. If this is the case, the last balloted draft will be available to the ballot group during the recirculation ballot.
 - Additional files you wish the ballot group to review (optional). You can only upload one file; if you want to include multiple files, create a .zip file first and upload that.
 - Number of days you want the recirculation ballot to remain open (minimum 10).

5. Click "**CONTINUE**".
6. Review the Recirculation Ballot Announcement, add any additional messages into the "**Sponsor Text**" box and click "**CONTINUE**".
7. Review the confirmation screen and make changes if needed. When you are done, click "**Submit to Staff Liaison**". Your request for a recirculation ballot will now be sent to your staff liaison.

6.25 Review/Approve Ballot Recirculations

When an officer initiates a ballot recirculation, it does not automatically open. The Staff Liaison must review and approve the recirculation request to initiate the recirculation.

Applicable Users:

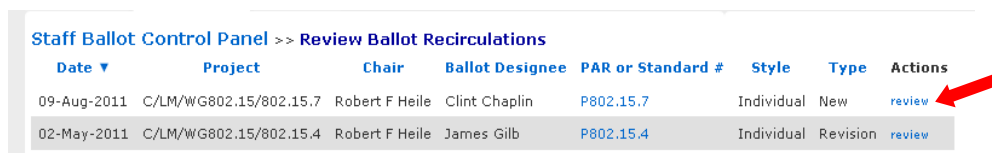

- Staff Liaison

Notes:

- Any changes to the draft should be shown in a marked-up version. A clean version of the new draft is optional.
- Liaisons should check comment resolution statuses and details to make sure they are sufficient before approving the recirculation.

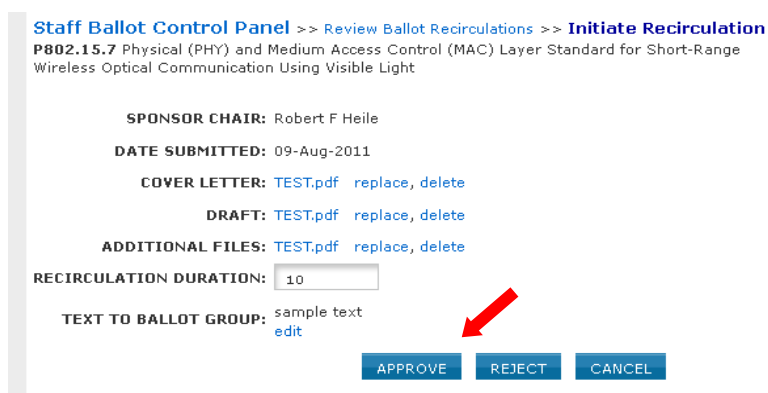

Instructions:

1. On the **myProject™** Home Screen click the "**Balloting**" tab.
2. Click "**Review Ballot Recirculations**".
3. On this screen you will see all of the ballots recirculations requiring review. To review recirculation documents, click "**review**" next to the ballot recirculation you would like to review.

6.26 Request a Ballot Reset or Termination

Resetting a ballot will delete any votes and comments made and will return the ballot to at the stage after invitation. Terminating a ballot means that the ballot group has been disbanded. A request will be sent to Balloting Center staff, who will reset or terminate the ballot.

Applicable Users:

- Sponsor Chair, Standard Representative, Working Group Chair/Co-Chair/Vice-Chair, Sponsor Ballot Designee

Notes:

- You must supply a reason for resetting/terminating the ballot.
- When reset, the ballot must be opened again and a draft uploaded but the ballot group will be maintained.
- When reset, even though the number under the column heading "Invitations Sent" will say "0" it does not mean that the ballot pool is not intact.
- A ballot may not be reset after a recirculation has begun.
- When terminated, the ballot must re-start from the invitation stage and all individuals must re-enroll in the ballot at that time.
- You may terminate a ballot at any stage in the balloting process.

Instructions:

1. On the **myProject™** Home Screen click the **"Balloting"** tab.
2. Click **"Manage Sponsor Ballot Activity"**.

3. Find the ballot you want to terminate and click **"terminate ballot"** or **"reset ballot"** next to it.

7 RevCom Submission and Review

After a draft has been balloted and consensus reached, the project can be submitted for approval. The draft, along with information from the balloting process will be submitted for review by the RevCom (Review Committee). RevCom will then recommend approval of the standard to the Standards Board. Once the Standards Board approves the project, the draft becomes a standard and is ready to be prepared for publishing.

7.3 Submit a Project to RevCom

A balloted draft may be submitted to RevCom at any time after balloting or during a recirculation. Additional information on requirements for RevCom submission can be found here: <http://standards.ieee.org/about/sasb/revcom/revguide.html>

Notes:

- Additional documents and/or source files may be uploaded at any time. These files will be saved even if you do not complete the submission.
- Source files include the Word or Framemaker files for the draft and all figures created outside of the Framemaker or Word document. These files are **required** and must be sent to editorial staff if they are not uploaded via myProject™.

Applicable Users:

- Sponsor Chair, Standard Representative, Working Group Chair/Co-Chair/Vice-Chair, RevCom Designee

RESOLUTION OF COMMENTS AND NEGATIVE VOTES

All balloting group members, observers and coordinating groups have been advised of substantive changes made with respect to the balloted draft standard (in response to comments, in resolving negative votes, or for other reasons) and have received copies of all unresolved negative votes with reasons from the negative voter and the rebuttal, and have been advised that they have an opportunity to change their votes.

Have unresolved comments accompanying negative votes been circulated?

Yes No No Unresolved Comments from Negative Voters

Have substantive document changes been circulated?

Yes No No Substantive Changes

REGISTRATION ISSUES

Did the PAR indicate possible registration activity related to this project, did the IEEE Registration Authority Committee (RAC) request coordination, or is the registration of objects and/or numbers included in the proposed standard?

Yes No

Is the intent to submit this standard for fast-track adoption, or was this standard jointly developed with another organization, a revision to a standard previously adopted by another organization or will this standard form the basis of, or be included in, another organization's standard?

Yes No

Applicable Users:

- RevCom Members, IEEE-SA Staff

Instructions:

1. On the **myProject™** Home Screen click the **"RevCom Area"**.
2. Click **"submission summary"** next to the meeting that is currently in a review period.

3. Click **"Submission Detail"** to view the details of the submission.

4. From this screen, you can select your vote, make a comment, or reply to an existing comment.

5. To submit a vote, choose your vote from the dropdown menu. Your vote will be recorded without any additional action.

6. Only initial comments will be shown at first. To show entire comment threads, click **"Expand all"**. Click **"Collapse All"** to return to the previous view.

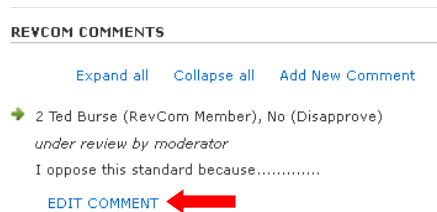

7. To add a new comment, click **"Add New Comment"**.

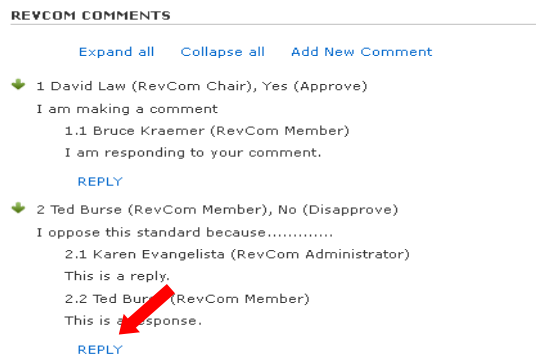

8. Select whether the comment will be private (visible only to the administrator) or be recorded for the agenda, type your comment, attach any relevant files and click **"OK"** to save your comment. Your comments will not be made available until reviewed by the RevCom Administrator.

9. Click **"EDIT COMMENT"** to edit your comment text and/or file after it has been submitted. *This option will only be available until the administrator approves the comment.*

10. Click **"Reply"** to add to a comment thread.

7.8.1 Import Comments

It is also possible to record comments offline in a spreadsheet and upload them when connected to myProject™.

Applicable Users:

- RevCom Members, IEEE-SA Staff

Instructions:

1. On the **myProject™** Home Screen click the **"RevCom Area"**.
2. Click **"submission summary"** next to the meeting that is currently in a review period.

7.8.3 Approve Comments

New agenda comments made by RevCom members must be approved by the RevCom administrator before they become visible to submitters and other RevCom members.

Notes:

- Approval is only required for new comments. Responses to existing comments will be added to the comment thread without approval.
- Private comments will be sent directly to the RevCom administrator, they are not recorded in the agenda or open to reply and therefore do not require approval.

Applicable Users:

- RevCom Administrator

Instructions:

1. On the **myProject™** Home Screen click the **"RevCom Area"**.
2. Click **"submission summary"** next to the meeting that is currently in a review period.
3. If there are pending comments, you will see **"comment(s) pending review"** towards the top of the screen. Click on this link to view and approve the comments.

8.2 Send Broadcast Notification

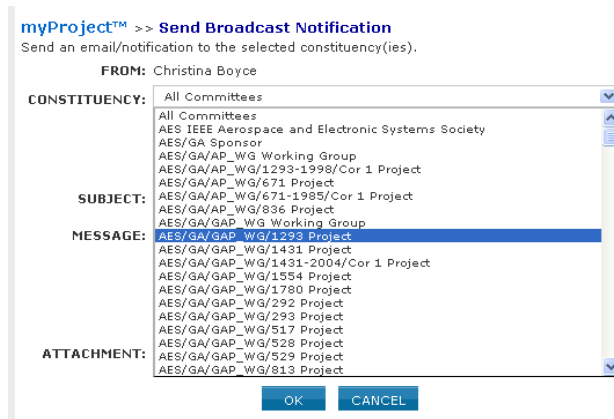

The "Send Broadcast Notification" feature can be used to send a message through myProject™ to all users or a specific subset of users.

Applicable Users:

- All Staff Users

Instructions:

1. On the **myProject™** Home Screen click "**Send Broadcast Notification**".
2. Select a particular society, sponsor, or working group, to send a notification to all users who have added that group to their activity profile or select "**All Committees**" to send notifications to all listed constituencies.

3. Check the "**Include Subcommittees**" box to send the notification to all subcommittees of the selected constituency (e.g. if a Sponsor Committee Is selected, all users interested in the Sponsor Committee as well as associated Working Groups and Projects will be notified). If you do not select this box, only users interested in the selected constituency itself will be notified (e.g. if a Sponsor Committee Is selected, only users interested in the Sponsor Committee will be notified).
4. Check the "**Chairs Only**" box to only send the notification to chairs of the selected constituency/constituencies.
5. Check the "**Officers Only**" box to only send the notification to officers of the selected constituency/constituencies.
6. Check the "**SA Members Only**" box to only send the notification to SA Members who are interested in the selected constituency/constituencies.

7. Enter a subject, enter your message text and attach a file if applicable. *Only one attachment is allowed.*

8.3 Act As User

It is possible, if necessary, for a staff user to act as another user for technical support reasons, to view information or make changes that cannot be done through regular staff access.

Applicable Users:

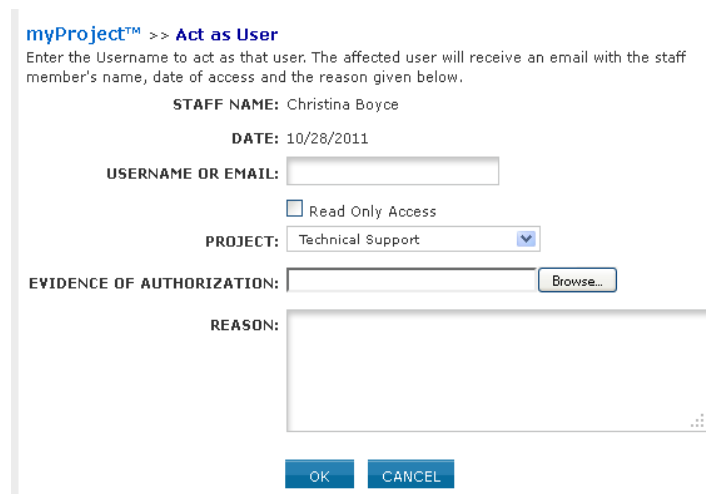

- All Staff Users (limited access), ODB Staff (Full Access)

Notes:

- Only ODB staff will have full read/write access to all users
- Staff Liaisons may act as other Staff Liaison Users with full read/write permission.
- Other staff users will only have read access to non-staff users

Instructions:

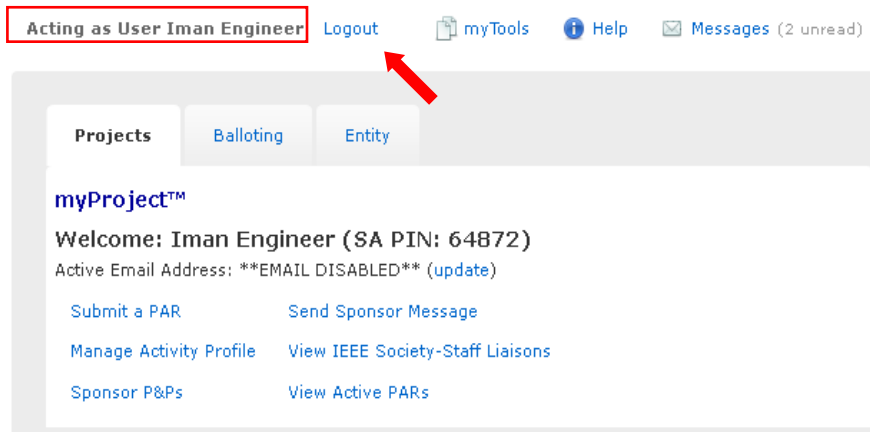

1. On the **myProject™** Home Screen click "**Act as User**".
2. Type the username or email of the user you would like to act as into the "USERNAME OR EMAIL" box.
3. Check the "Read Only Access" box if you do not need to make any changes while acting as the user.
4. Select the project that the access is related to, or select "Technical Support" if you are accessing for support reasons.
5. Add any files to support your access, if applicable.
6. Supply a reason for the access.

The screenshot shows a web-based dialog box titled "myProject™ >> Act as User". Below the title is a brief instruction: "Enter the Username to act as that user. The affected user will receive an email with the staff member's name, date of access and the reason given below." The form contains several fields: "STAFF NAME" is pre-filled with "Christina Boyce"; "DATE" is pre-filled with "10/28/2011"; "USERNAME OR EMAIL" is an empty text input field; there is a checkbox for "Read Only Access" which is currently unchecked; "PROJECT" is a dropdown menu currently set to "Technical Support"; "EVIDENCE OF AUTHORIZATION" is an empty text input field with a "Browse..." button to its right; "REASON" is a large empty text area. At the bottom of the dialog are two buttons: "OK" and "CANCEL".

7. Click "**OK**" to act as the user. A notification will be sent to the user indicating the staff user who gained access and the reason for that access.

8. Perform the necessary tasks while acting as the user.
9. Click "**Logout**" to return to your normal myProject™ access.

8. Select a file, enter a file name and description, and select a folder where the file should be located once in eProjects.
9. Click **"OK"** to upload the file and add it to the pending list. Additional files must also be approved or deleted using the previous instructions.

8.7 Generate Process Metrics

The Generate Process Metrics tool allows a staff user to view some statistics about the balloting process.

Applicable Users:

- General Staff

Instructions:

1. On the myProject™ Home Screen click the "Balloting" tab.
2. Click "Generate Process Metrics"
3. Choose a date range for the statistics. This field will be pre filled with all of the current year.
4. Choose a "Ballot Sponsor" from the list. You can select all committees, a Society, Sponsor, or Working Group.
5. Check the "Include Subcommittees" box to include all committees that are under the selected one.
6. Click "OK" to refresh the statistics based on your selections.

9 User Roles

9.1 Volunteer User Roles

General User - This is default user type if a user is not an IEEE-SA member and has not been given any additional authority. As a general user, you can:

- Register as interested in a Sponsor, Working Group or Project and be assigned an involvement level
- View Active PARs, Sponsor P&Ps and Society-Staff Liaisons
- Create a PAR (but not submit)
- Send a message to a Sponsor
- Join a single Ballot and vote/comment on that ballot (for a fee)
- View all ballot and invitation history
- Access membership information
- Send a message to the balloting center
- Enroll as DR/DRA or EBR/EBRA (if employed by an Entity Member Organization)

IEEE-SA Member – IEEE-SA Members can:

- Register as interested in a Sponsor, Working Group or Project and be assigned an involvement level
- View Active PARs, Sponsor P&Ps and Society-Staff Liaisons
- Submit a PAR
- Send a message to a sponsor
- Join a Ballot
- Vote/Comment on a ballot
- Send a message to the balloting center
- Enroll as DR/DRA or EBR/EBRA (if employed by an Entity Member Organization)

Sponsor Chair/Standard Representative – Sponsor Chairs/Standard Representatives have all abilities of IEEE-SA Members plus:

- Accept/Reject a PAR
- Manage Roster involvement for Sponsor, Working Groups and Projects
- Manage Officers for Sponsor, Working Groups and Projects (only Sponsor Chair can manage Standard Representative)
- Send notifications to a Group (Sponsor, Working Group)
- Initiate Ballot Invitation Requests
- Submit a draft for MEC
- Initiate a Sponsor Ballot
- Initiate Recirculation
- Manage Misc Coordination
- View Invitations
- Replace Drafts for Balloting
- View ballot Activity and respond to comments
- Submit Rogue Comments
- Prepare for RevCom Submission
- Send Notifications to Balloting Groups

Working Group Chair/Officer – Working Group Chairs/Officers have all abilities of IEEE-SA Members plus:

- Manage Roster involvement for Sponsor, Working Groups and Projects

- Manage Officers for Sponsor, Working Groups and Projects (Chair/Co Chair/Vice-Chair Only)
- Send notifications to the Working Group
- Initiate Ballot Invitation Requests
- Submit a draft for MEC
- Initiate a Sponsor Ballot
- Initiate Recirculation
- Manage Misc Coordination
- View Invitations
- Replace Drafts for Balloting
- View ballot Activity and respond to comments
- Submit Rogue Comments
- Prepare for RevCom Submission
- Send Notifications to Balloting Groups

Designee – Designees (Sponsor Ballot Designee, Nescom Designee, Revcom Designee, Coordination Designee) will have all abilities of IEEE-SA Members plus access to features relevant to performing their specific function.

EMR – Entity member Representatives will have all abilities relevant to their personal roles plus:

- Manage Representatives for the Entity (DR/DRA)

DR/DRA – Designated Representatives/Alternates will have all abilities relevant to their personal roles plus:

- Participate in Entity Working Groups

EBR/EBRA – Entity Ballot Representatives/Alternates will have all abilities relevant to their personal roles plus:

- Vote/Comment on Entity Ballots

Technical Editor – This is a designation given to all Sponsor and Working Group officers as well as anyone who has been given the “Technical Editor” role at the Sponsor, Working Group or Project level. Technical editors will be given access to the Standards Dictionary.

9.2 *Staff User Roles*

Below are the Staff user roles that are available in myProject™.

General/Other Staff – This is the default user type for staff. All staff users have the ability to:

- Create a PAR (can create and edit but not submit)
- View all PARs/Projects
- NesCom Member Area (will appear if individual is added to board roster)
- AudCom Member Area (will appear if individual is added to board roster)
- Manage Activity Profile (register as interested in a Sponsor, Working Group or Project and be assigned an involvement level)
- Manage Committees (view roster with roles and involvement only)
- Manage Organizations (read only)
- View Sponsor P&Ps
- View L50S status
- View International Activity
- View Individuals
- View Funded Projects and CSM
- Send Broadcast Notification
- Send Sponsor Message
- View Staff Liaisons
- View Active PARs
- Send a Change Request Form
- Send Notification to Group
- Manage Help Links
- Act as User
- View Ballot and Invitation History
- Maintain approved voter classifications
- View Ballot Activity
- Send Notification to Balloting Groups
- Generate Process Metrics

Governance Staff – Governance Staff have all general staff abilities plus:

- Manage Committees (edit and add)
- Manage Invited Experts
- Manage Board members
 - If made a board administrator, can create/edit meeting agendas and moderate comments for that board
- Review EProjects Files
- Manage Coordination Users
- View Authorized Ballot Designees

International Staff – International Staff have all general staff abilities plus:

- Edit International Activity Information

Ballot Center Staff – Ballot Center Staff have all general staff abilities plus:

- Override IEEE/SA Membership Status
- Terminate/Reset Sponsor Ballot
- Manage Coordination Users
- View Authorized Ballot Designees
- Manage Ballot Notification Boilerplate Text

Project Liaison Staff – Project Liaison Staff have all general staff abilities plus:

- Manage Committees (edit and add)
- Review ballot invitations
- Review ballot recirculations
- Review Sponsor drafts
- Manage Coordination Users
- View Authorized Ballot Designees

Financial Staff – Financial staff have all general staff abilities plus:

- Issue L50S notices
- Edit L50S information
- Place a L50S process block

Project Admin Staff – Project Admin Staff have all general staff abilities plus:

- Review EProjects Files

Funded Project Staff – Funded Project Staff have all general staff abilities plus:

- Be added as CSM (for more on CSM functions, see **Sec 4.3**)

Editorial Staff – Editorial Staff have all general staff abilities plus:

- Review EProjects Files
- Make Coordination Comments

ODB Staff – These are system administrators. ODB Staff have **all other staff role abilities** plus:

- Change Role Display Name
- Manage Staff Users
- Manage Process Parameters
